SUBJECT MATTER INDEX	167
----------------------------	-----

CHAPTER 1 - GENERAL ADMINISTRATION OF THE COURT

Rule 100 - Hours of Operation; Coin Will Not Be Accepted For Payment

The clerks' offices will remain open from 8:00 a.m. to 5:00 p.m. daily, excluding weekends and holidays. The public windows of each of the clerks' offices will remain open from 8:00 a.m. to 4:00 p.m. in order to facilitate daily accounting closeout procedures. Telephone lines will remain open and operational until 5:00 p.m. daily to serve the public. Drop boxes will be installed in each court location to facilitate deposit of papers and fines between 4:00 p.m. and 5:00 p.m., which will be file stamped on the date deposited.

The court will not accept coin for payment. It is recognized that payment of coin to the court negatively impacts efficiency and cost-effectiveness. The court executive officer is the Clerk of the Court and a duly authorized officer of the court, and in accordance with the provisions of Government Code §24353, a court officer, together with his/her deputies, is not required to accept any payment tendered by coin. (7/1/00)

Rule 105 - Objectives and Availability of Local Rules

The Local Rules of the Tulare County Superior Court are adopted pursuant to Code of Civil Procedure §575.1. These rules set forth specific local policies and procedures and are intended to promote the efficient disposition of the business of the court. The rules are intended to augment, not restate or summarize statutory or case law. The rules, although binding on attorneys and support personnel, may be departed from in the sound discretion of the court. Any judge may dispense with strict compliance with any provision of these rules in the interest of justice and upon a showing of good cause.

A loose-leaf version of these rules is available for purchase from the superior court clerk's office at the price of \$10.00. They are also available on the court's website at www.tularesuperiorcourt.ca.gov. (1/1/03)

Rule 110 - Amendment of Rules

These rules may be amended at any time by a majority of the judges voting at a meeting of the judges if it relates only to the internal management of the court. Any other amendment must comply with California Rules of Court (CRC) Rule 981.

Any proposed changes in the rules must be in the form of a noticed agenda item. Both the present rule as well as the proposed change must be submitted in writing. (7/1/00)

Rule 115 - Sanctions

Failure to comply with these rules may result in one or more of the following actions:

- (a) An order dropping the matter from the calendar;
- (b) An order continuing the matter;
- (c) An order based solely on the pleadings properly before the court;
- (d) A noticed motion by the court or any party to strike all or part of the pleading, to dismiss all or part of the action, to enter default judgment, to impose any lesser penalties provided by law, and/or to award reasonable costs, including attorney fees pursuant to CCP §§128.6, 177.5, or 575.2; Government Code §68608(b); or California Rules of Court Rule 227; or California Rules of Court Rule 1420(j).
- (e) Other orders as the court deems appropriate under the circumstances. (7/1/97)

Rule 120 - Weapons and Oleoresin Capsicum (OC-Pepper Spray)

No firearms, explosives, weapons, or pepper spray will be permitted within any of the courthouses. This provision relating to firearms specifically includes parties who are holders of a concealed weapons permit but does not include peace officers or judicial officers who are in the performance of their official duties. (7/1/97)

Rule 125 - Gang-Related Clothing and Personal Property

No person will wear gang clothing or possess gang-related personal property while on the premises of any courthouse. This will include gang insignias, monikers, color patterns, bandannas, hats, jewelry, clothing, belts, or any other clothing or personal property with any gang significance. Any person identified by courthouse security personnel, or law enforcement, as wearing or possessing any item of property in violation of this rule will be asked to remove the property or themselves from the courthouse. Any such property is also subject to confiscation as contraband.

Violation of this order is punishable as contempt pursuant to Penal Code §166 (maximum penalty of six months in county jail, a \$500 fine, or both.) Any person who resists any courthouse security or law enforcement request to comply with this rule can be punished pursuant to Penal Code §148 (maximum penalty of one year in county jail, \$1,000 fine, or both.) (1/1/03)

Rule 130 - Cellular Telephones and Other Electronic Devices

All cellular telephones, pagers, laptop computers, and any other device capable of distracting or disturbing the court proceedings must be turned off in all courtrooms. If laptop computers or other electronic aid is necessary for a matter at issue, it must not make any noise or be disruptive to the proceedings. Enforcement of this rule is in the sole discretion of the sitting judge. (7/1/97)

Rule 135 - Smoking, Food, Drinks

Smoking, food and drinks are prohibited in all public hallways and public waiting areas of any of the courthouses. (7/1/00)

Rule 140 - CourtCall Telephonic Appearance of Counsel/Parties

Contact CourtCall at 888-882-6878, no later than 5 court days prior to the hearing, and notice the court and other parties of your appearance telephonically.

(a) Request for Permission and Notice - The CourtCall Telephonic Appearance Program ("CourtCall") organizes a procedure for telephonic appearance by attorneys and/or parties as a reasonable alternative to personal appearance in appropriate cases and situations. CourtCall is fully voluntary and no attorney is required to utilize CourtCall, if he/she would rather make a personal appearance. Rather, CourtCall is available at a reasonable fixed fee to use when circumstances are appropriate. The party wishing to appear telephonically, must check with the clerk of the department, to see if the judicial officer in charge of that department allows a telephonic appearance.

(b) The request to appear telephonically must be made directly to CourtCall at 888-882-6878, no later than 5 court days prior to the hearing. The party must notice the court and other parties of their appearance telephonically. All participants in CourtCall agree to abide by the rules of CourtCall, which they may obtain from CourtCall, and to pay in advance as required by CourtCall, directly to CourtCall. No cellular telephone may be used. The participant must call from a quiet place in order to hear, and be heard, without disruption to the court.

(c) The court reserves the right, at any time, to reject any request for CourtCall appearance. When the court rejects a request, it will order a refund of deposited telephonic appearance fees and notify CourtCall. (1/1/03)

Rule 145 - Appointment of Counsel

In all criminal, juvenile and conservatorship cases where the defendant, or party, is without funds to employ counsel the court will, in each instance, appoint the office of the Public Defender. Where the Public Defender is unable to represent the defendant or party, the court will appoint counsel. All such appointments will be made, when possible, in accord with any existing county contract for the processing of alternative defense counsel. (7/1/97)

Rule 150 - Court Order to Deposit Money with Clerk of Superior Court

In any civil matter in which either party is required by statute or court order to deposit money with the clerk of the superior court pending the outcome of the matter, the party will be responsible for keeping the clerk of the superior court advised of his/her current address. If a party fails to maintain a current address with the court, the party may not receive notice that the deposit is considered abandoned by the clerk of the superior court. (1/1/03)

Rule 160 - Jurors

Seated jurors will be issued a badge or other insignia identifying them as members of a trial jury. Jurors are to wear these badges at all times while present in the courthouse.

As far as is practicable, jurors are to spend their recesses in the jury room or jury assembly room. A juror should not visit other courtrooms while a member of a trial jury.

If the jury is taken to lunch or dinner during deliberations, the bailiff will be responsible for the conduct of the jury. Jurors must not consume any alcoholic beverage during deliberations. Jurors are to comply with all instructions given by the trial judge. (1/1/03)

Rule 165 - Proposed Jury Instructions

All requests for jury instructions and copies of proposed instructions will be provided by counsel. Requests for special instructions not contained in BAJI and CALJIC must be accompanied with appropriate citations of cases supporting the request. A list of proposed instructions must be filed with the clerk before the taking of evidence. (7/1/00)

Rule 175 - Reimbursement of Waived Fees

Pursuant to Government Code §68511.3 and California Rules of Court Rule 985(b), there will be a standing order of this court that a lien exists on any money recovered by an in forma pauperis applicant in any civil case, except family law. No case will be dismissed until any and all waived fees and costs are reimbursed to the court if any money is received

TULARE COUNTY SUPERIOR COURT

by the applicant by means of settlement or judgment. It will be the responsibility of the litigant proceeding in forma pauperis, or the attorneys if any party is represented, to notify the court within five days of any settlement or monetary consideration received in settlement or judgment by the litigant, and to see that the court's fees and costs are reimbursed prior to any disbursement to the attorney, or the client, based upon the court's lien. The amount of the lien can be obtained upon demand from the clerk of the court. The court may exercise any of the remedies as outlined in Government Code §68511.3, to collect these fees. (7/1/00)

Rule 180 - Fax Filing

The Tulare County Superior Court will accept documents filed by a fax filing agency in accordance with the provisions of California Rule of Court 2005. The court does not have a system in place for direct fax filing, and therefore, documents may not be directly faxed filed. (1/1/03)

TULARE COUNTY SUPERIOR COURT

CHAPTER 2 - ORGANIZATION OF COURT

Rule 200 - Presiding Judge

The court will select a presiding judge for a term of two years in accordance with the provisions of CRC 6.602. The presiding judge is responsible for leading the court, establishing policies and allocating resources in a manner that promotes access to justice for all members of the public, provides a forum for the fair and expeditious resolution of disputes, maximizes the use of judicial and other resources, increases efficiency in court operations, and enhances service to the public in accordance with the provisions of CRC 6.603. (1/1/03)

Rule 205 - Departments of the Court

There will be as many departments of this court as there are judicial officers of the court. The presiding judge will designate specific departments to hear juvenile matters, probate matters, criminal matters, criminal pretrials, family law matters, settlements, and civil law and motion matters. All matters will be assigned to the appropriate department based upon the nature of such matters unless the presiding judge, or his designee, causes a matter to be otherwise assigned. Trials will be assigned to available departments regardless of the designation of the department and the civil or criminal nature of the case. Prior to assuming office on July 1, the incoming presiding judge will designate the categories of business to be assigned to each department of the court for the ensuing year which will be issued as a general order of the court.

The presiding judge will appoint one judge to be the presiding judge of the Juvenile Court, who, to the extent possible, will remain in that position for at least 3 years. (1/1/03)

Rule 210 - Superior Court Executive Officer/Jury Commissioner

The Court Executive Officer/Jury Commissioner is appointed to hold office at the pleasure of the court (GC §69898; CCP §195). Under the direction of the presiding judge, the court executive officer is responsible for overseeing the management and administration of the non-judicial operations of the court and allocating resources in a manner that promotes access to justice for all members of the public, provides a forum for the fair and expeditious resolution of disputes, maximizes the use of judicial and other resources, increases efficiency in court operations and enhances service to the public (CRC 6.610). (1/1/03)

Rule 215 - Superior Court Commissioners and Referees

(a) Any superior court commissioner or referee will act in the capacity of Judge ProTem if so appointed by a majority of the superior court judges, and stipulated to by the parties. Commissioners and referees will have been members of the State Bar

of California for a period of not less than five years. Commissioners and referees will serve at the pleasure of the judges.

(b) Complaints against any court commissioner or referee must be presented in writing to the presiding judge and must be signed by the maker of the complaint. The written complaint will be handled by the presiding judge pursuant to Judicial Administration Standards §16, in the Appendix to California Rules of Court, as adopted or amended by the Judicial Council of the State of California. (1/1/03)

Rule 220 - Grand Jury Selection

A Grand Jury will be drawn and empaneled by the presiding judge of the superior court once each fiscal year commencing July 1, pursuant to the procedures set forth in Penal Code section 888, et. seq. (1/1/03)

CHAPTER 3 - DISTRIBUTION OF BUSINESS

Rule 300 - Court Calendar

The business of the court will be distributed in accordance with a General Calendar which will be ordered by the court in June of each year to be effective for the twelve months beginning July 1 of each year. This calendar may be changed from time to time by order of the presiding judge.

The clerk, at the beginning of each court day, will post a daily court calendar outside of each courtroom showing the matters assigned to that department that day. The names of parties in adoption, juvenile and mental competency matters will not be shown and will be kept confidential. (7/1/00)

Rule 305 - Setting the Calendar for Hearings and Trials

Prior to setting any matter for hearing, the moving party must make a reasonable and good faith attempt to resolve the matter. If resolution is not possible, the moving party must attempt to coordinate hearing dates with the opposing parties prior to contacting the court.

(a) Under the general supervision of the presiding judge, trials and hearings will be set as follows:

(1) All civil matters and appeals, whether contested or uncontested, will be set by the court administrator's office. Before filing or serving notice of a motion and/or hearing, the moving party must clear and reserve a hearing date with the court's calendar clerk in the court administrator's office. If for any reason a matter is removed from the calendar, the moving party must promptly notify the calendar clerk with whom the hearing date was set.

(2) All case management, pretrial, and settlement conferences will be set by the court administrator's office and the presiding judge. Before filing or serving notice of a hearing, the moving party must clear and reserve a hearing date with the appropriate calendar clerk in the court administrator's office.

(3) Criminal trials, criminal pretrials and readiness conferences, motions under Penal Code §§995 and 1538.5, and other criminal law and motion matters will be set by the judge of the criminal department in open court at the time of arraignment or other appropriate proceedings. If there is no appropriate pending proceeding at which to set such matters, they will be set by the appropriate calendar clerk in the court administrator's office at the request of the moving party. No motions under Penal Code §§995 and 1538.5 or other criminal law and motion matters will be set for hearing after

the criminal pretrial and readiness conference, except with leave of court and for good cause shown. Matters which are appropriate for motions in limine will be heard by the trial judge.

(4) All juvenile matters will be set by the juvenile court clerk, under the authority of the juvenile court judge or referee, and in accordance with the general calendar of the court.

(b) Attorneys should avoid scheduling more than two hearings at the same time on the same day (not including ex parte hearings.) While the court will reasonably trail matters to accommodate the necessary scheduling of more than one matter on the same day, a pattern of routine or unreasonable delay in matters being heard caused by a violation of this rule may result in the imposition of attorney fees or other sanctions. (7/1/97)

Rule 310 - Assignment to Departments

All matters, other than trials, will be assigned to specific departments by the presiding judge and court administrator. In making such assignments, the court administrator will be guided by the general calendar of the court. If it should appear, however, that a particular matter may be handled more expeditiously by a department other than the one provided for in the annual calendar order, the presiding judge and court administrator may transfer such matters to such department. (7/1/97)

Rule 315 - Master Calendar

All trials, except matters involving juvenile law and trials previously assigned by the presiding judge to a specific department, will be assigned to the department of the presiding judge who will call the Master Calendar promptly at 9:00 a.m. each court day. The presiding judge will assign these cases for trial in available departments and in such manner as will result in the most expeditious handling of the court's business and the least delay in bringing litigants to trial or hearing. All counsel, their clients, and unrepresented parties must be personally present at the calling of the Master Calendar. Appearance requirements at Master Calendar will take precedence over all other departments. Counsel must make advance arrangements with other departments so that their prompt appearance at the calling of the Master Calendar can be assured. The presiding judge may, at any time prior to the actual commencement of trial, reassign a case to another department when it appears necessary to expedite the business of the court.

Trial assignments may be made, at the election of the presiding judge, in the absence of counsel and/or parties at the call of the Master Calendar. Failure to appear at Master Calendar will be deemed a waiver of notice of assignment for trial and waiver of motion for peremptory challenge under CCP §170.6.

TULARE COUNTY SUPERIOR COURT

Motions for continuance made on the day of trial must be made only to the presiding judge at the time the case is called. No judge to whom a matter is assigned for trial may grant a continuance or order a motion trailed over to another date. All requests to trail must be made only to the presiding judge and must be referred to the presiding judge if made to the assigned trial judge. No motion for continuance made on the day of trial will be granted unless required to insure justice, notwithstanding any stipulation entered into by the parties.

If a judge disqualifies himself from the hearing of any matter, such matter will be immediately returned to the presiding judge for reassignment. The basis for any such self-disqualification must be immediately entered in the minutes of the court and placed in the court file.

If a department is not available for the trial of an assigned case, the presiding judge may order the matter to trail a trial in progress in a particular department. In civil cases, the presiding judge may order the matter continued to another available date.

The master calendar is posted on the court's website every Tuesday and Friday afternoon. The website address is www.tularesuperiorcourt.ca.gov. (1/1/03)

TULARE COUNTY SUPERIOR COURT

CHAPTER 4 - APPELLATE DEPARTMENT

Rule 400 - Appeal Hearings

Each January, the Chief Justice of the California Supreme Court appoints three judges of the court to sit as an appellate panel of the superior court, pursuant to California Rules of Court Rule 100.5. The Chief Justice also designates the presiding judge of the appellate department.

Appeals from the limited civil cases, misdemeanors, and traffic infractions will be heard at 8:30 a.m. on the last Thursday of each month by the appellate department of the superior court unless otherwise ordered by the appellate department. The hearings will be held in the courtroom designated by the department. Pursuant to Code of Civil Procedure §77(j), only the presiding judge of the appellate department will hear traffic infractions. (1/1/03)

Rule 405 - Settled Statement or Reporter's Transcript

Except where the appeal is on the judgment roll, no appeal will be set for hearing unless and until the reporter's transcript of the proceedings or a settled statement has been filed. It is the responsibility of appellant to see that the clerk and judge of the lower court perform their duty and forward a settled statement, or in the alternative, obtain a transcript of the proceedings and lodge it in a timely fashion with the clerk. Appellant must comply with all applicable statutes, codes, and rules including but not limited to, California Rules of Court pertaining to appeals, Rules 100-109, Civil Cases - Rules 121-144, and Criminal Cases - Rules 180-190.

In the event such statement or transcript has not been filed, and appellant has not commenced appropriate proceedings to mandate compliance with this requirement, the appellate department of this court may, at the time set for hearing oral arguments, dismiss the appeal, provided that the parties to the appeal have been advised by the clerk of the possibility of the dismissal sanction pursuant to California Rules of Court Rule 133 for civil cases and/or Rule 190 for criminal cases. (7/1/00)

Rule 410 - Proof of Service

No appellate brief will be accepted for filing by the clerk unless accompanied by proof of service upon the parties entitled to service under California Rules of Court Rule 105(e). (7/1/89)

Rule 415 - Orders Extending or Shortening Time

Any request for an order extending or shortening time must be presented to the clerk for the clerk to present to the presiding judge of the appellate department. (7/1/00)

Rule 420 - Oral Argument

Unless for good cause shown, counsel's oral argument will be limited to 10 minutes per side. (6/1/83)

Rule 425 - Decisions

Unless the decision of the court is announced orally from the bench, a written decision will be issued within 90 days of the hearing and will be mailed to all parties and to each department of the Tulare County Superior Court. (7/1/00)

CHAPTER 5 - PRESENTATION, FILING, AND SERVICE OF COURT PAPERS

Rule 500 - Statements of Decision, Orders, Judgments and Decrees

Statements of decision, orders, judgments or decrees must bear a standard caption and must be submitted to the judge at the time of the hearing or to the judge's clerk after the hearing. All documents submitted for a judge's endorsement must also bear opposing counsel's or party's approval as to form, or a declaration of the one seeking the judge's endorsement that he or she has complied with California Rules of Court Rule 391. No proposed orders will be accepted for filing prior to the hearing of the matter. Proposed orders may be lodged in the file. If a department requires proposed orders prior to hearings, the orders must be presented to the departmental clerk and not to the clerk's office. (7/1/00)

Rule 505 - Submission of Written Orders

All orders must be on a separate document, for entry on the docket upon the judge's signature. If the document has at the end of the request, "It is so Ordered," a second copy of the document must be submitted to be the order. This allows for a different file stamp date at the top of the document on the order when it is signed. It also provides a correct date for entry of the order on the docket, and provides a court order which can be found chronologically in the file. (7/1/00)

Rule 510 - Presentation of Documents and Service of Orders

Papers that do not comply with these rules, the Code of Civil Procedure, and the California Rules of Court may not be considered by the court.

All written orders, including orders to show cause, temporary restraining orders and injunctions, signed by a judge must be filed forthwith and an endorsed copy must be served upon the parties to be notified thereof. (7/1/00)

Rule 515 - Entry of Court Orders in Minutes

The clerk will keep minutes of court orders and will place a copy of each minute order in the court's file of actions in chronological order in lieu of a minute book, pursuant to Government Code §69844, et. seq. (7/1/00)

Rule 520 - Guardian ad Litem Forms

The Judicial Council has issued forms to petition for appointment of a guardian ad litem, and has made their use mandatory in almost all matters. They are available in the clerk's office in room 201. (1/1/03)

Rule 525 - Self-Addressed Stamped Envelope for Conformed Copies

Conformed copies, by mail, will be returned to the parties requesting them only when the request is accompanied by a self-addressed stamped envelope. (7/1/00)

Rule 530 - Filing Of Form With Writing On Each Side

All pleadings and other documents, whether official forms or not, which have writing on both sides must be tumbled, so the document may be read from top to bottom without removing the sheets from the two prong clasp holding the sheets in the file. (7/1/00)

CHAPTER 6 - MANAGING CIVIL CASES

Rule 600 - Case Management Conference

(a) The Judicial Council has implemented state rules for the management of civil cases. See California Rules of Court, Chapter 2, Civil Trial Court Management Rules, Rules 204.1, et seq.

In recognition of the state rules, and pursuant to CRC 209, the court elects to implement Case Management Plan 1. In adopting this Plan, the court requires the appearance of all parties in all civil cases to attend the case management conference unless notified otherwise. The court will set and notice the date for the conference. The conference must be held within 180 days of the filing of the case. The court will provide 45 days notice by mail of the case management hearing. Plaintiff must serve any new parties with notice of any pending case management conference, settlement conference, and trial date.

(b) Presence Required - Counsel and unrepresented parties are required to be present, either in person or by telephonic appearance (see Local Rule 140) and must have 1) sufficient information and understanding of the case to evaluate it accurately and 2) sufficient authority to enter into binding agreements such as the diversion of the case to arbitration, including binding arbitration, the setting of a trial date and mandatory settlement conference date, the dismissal of doe defendants or other parties, and the setting of a further case management conference.

(c) Compliance - Failure to attend the CMC will result in the court making whatever orders and imposing whatever sanctions as may be necessary and appropriate to obtain compliance with these rules, including but not limited to, a waiver of the right to a jury trial and waiver of the right to object to a referral to arbitration or other alternate dispute resolution procedure.

(d) Waiver of Notice - When all parties are present at the CMC and a trial date and settlement conference dates are agreed to by the parties or ordered by the court, such presence is an effective waiver of a separate or formal notice of settlement conference and trial date. (1/1/03)

Rule 601 - Policy

(a) Hearing on Order to Show Cause - At an OSC hearing, the court may make whatever orders and impose whatever sanctions as may be necessary or appropriate to obtain compliance with these rules. Such orders may include requiring the filing of documents or the carrying out of other acts required to proceed with the case.

Such sanctions may include imposition of monetary fines or other consequences as set forth in Local Rule 115.

The failure of counsel, or an unrepresented party, to appear at a hearing on an order to show cause will be an unqualified waiver of any objection to any order or sanction made or imposed by the court at such hearing.

(b) Final Disposition of Case - No case will be removed from the civil active list except by order of court. The court administrator must be notified in writing immediately upon settlement of a case. A dismissal, judgment, or a statement of conditional settlement must be filed within 10 days of such action.

No case will be removed from the civil active list except by court order. No time standard or deadline specified in this chapter nor any schedule, dates, time limitations or other requirements imposed by any order made pursuant to this chapter may be modified, extended or voided by any stipulation or agreement of the parties unless a written order approving the same is first obtained from the presiding judge. Such order may be obtained only upon a showing of good cause. (1/1/03)

Rule 605 - Reduction of Unnecessary Paperwork and Avoidance of Unnecessary Court Appearances

To reduce the public's costs in money, time, and resources in the conduct of civil litigation, it is the policy of this court to reduce the preparation, mailing, and filing of documents whenever possible. To this end, these rules have eliminated the filing of an at-issue memorandum, or a counter at-issue memorandum.

To further implement this policy, unnecessary court appearances are avoided by the elimination of a separate trial setting conference and by allowing telephone appearances at the case management conference. (See Local Rule 140)

Counsel and the parties are urged to manage each case in such a manner as to avoid the issuance of orders to show cause. (1/1/03)

Rule 610 - Case Designation

All civil cases must be classified by the court pursuant to Case Management Plan 1, with the court presuming that the case can be completed within one year. For a case to come under any other designation, the parties must make a motion to the court to have the case designated as protracted. Protracted cases are those which comply with California Rules of Court Rule 1800. (1/1/03)

Rule 615 - Service of Complaint

(a) Timing - Pursuant to the delay reduction rules, within 60 calendar days of filing, the complaint must be served and a proof of service as to each named defendant filed with the court unless a Request for Extension of Time is filed with the court stating facts establishing good cause as to why service has not been made, or should not be made, upon all parties within the time as provided in this rule. The request and order to obtain an extension of time must be in the form as set forth in Appendix 17.

Upon filing the Request for Extension, the court may 1) grant an extension of time to a specified date, 2) deny the request, or 3) conduct a hearing to determine the setting of the date for compliance with these rules.

(b) Compliance - Upon failure to serve the complaint and file proof of service or dismissal as to each named defendant, or to file a Request for Extension as required by these rules, the court will issue an Order to Show Cause as to why the party or counsel should not be sanctioned. Service of the complaint and filing the proof of service after the Order to Show Cause has been issued will not relieve the party from the imposition of the sanction. For administrative tracking purposes, the filing of an answer or other responsive pleading by a defendant does not obviate the need to file a proof of service. (7/1/97)

Rule 625 - Arbitration

The provisions of Code of Civil Procedure §1141.10 et seq. and California Rules of Court, Rule 1600 et seq. are augmented or emphasized as follows:

(a) The amount in controversy in each case will be determined at the Case Management Conference. The court may also order an increase to the limit on the amount the arbitrator is otherwise authorized to award. All cases to which CCP §1141.11 applies will be submitted to arbitration by the case management judge if the case is appropriate for arbitration pursuant to the code.

(b) If a case is ordered to arbitration, a back-up trial date will be selected so that the case will proceed expeditiously to trial if the case is not resolved by arbitration. The court will also set the time limit for conducting the arbitration hearing in order to afford the parties a reasonable opportunity to conduct discovery. If no time is set, the arbitration hearing must be held within 120 days of the order.

(c) With the consent of the arbitrator and the court, the parties may stipulate to continuances.

(d) Whenever parties fail to appear at a scheduled arbitration hearing without having previously notified the arbitrator, the case must be certified to the presiding judge who will order the parties and their counsel to appear to show cause why they failed to appear. Absent a showing of good cause, appropriate sanctions will be imposed.

(e) If a party requests a trial de novo after arbitration, the request may not be withdrawn except by a written stipulation, signed by counsel for all parties appearing in the case, expressly agreeing that a non-appealable judgment may be entered on the arbitration award. If a request for trial de novo is not timely filed, the clerk will, upon the expiration of the time for filing forthwith enter the award as a judgment, and will vacate the back-up trial date.

(f) If the parties consent to binding arbitration, the consent must be stipulated to in writing and must be signed by the client or clients whose rights are affected by such consent. (7/1/97)

Rule 630 - Settlement Conference

Settlement Conferences are mandatory in every case except trials de novo in small claims cases. Counsel for each party must comply with California Rules of Court Rule 222, and deliver to the court administrator and all other counsel, no later than 10 days prior to the conference, a written statement including:

(a) Contentions as to what counsel believes are the specific material facts. In a personal injury case, copies of the official accident report, all relevant medical reports, and a summary of expected medical testimony with identification of each witness must be attached;

(b) Legal and factual contentions set forth with particularity;

(c) Citation of authority for all legal contentions;

(d) An itemized list of special damages claimed. If earnings loss is claimed, a copy of Employer's Wage Loss Statement must be attached. If a wage loss statement is not available, a method of computation of claimed loss of earnings, earning capacity, or loss of profits must be attached; and,

(e) Any other information that counsel feels may be helpful to the court in familiarizing the court with the case.

Counsel should be prepared to respond to the "Settlement Conference Checklist" in Appendix 1 of these rules. A statement that the information required is unknown will be cause for imposition of sanctions unless good cause is shown for failure to respond. Since

these statements are to be used by the court and counsel solely for the purpose of the Settlement Conference, they will not be filed in the action. Therefore, counsel should feel entirely free to set forth all matters they deem necessary to facilitate the conference. A specific settlement amount may be included. Nothing contained in any pre-trial statement nor any statement made by any party at the Settlement Conference will be received in evidence in the proceeding.

Since any settlement requires the consent of all the interested parties, all interested parties or their representatives with authority to bind the parties must be present in the courtroom. IN THOSE CASES WHICH REQUIRE CONSENT OF AN INSURANCE CARRIER TO ARRIVE AT A SETTLEMENT, an authorized claims or insurance representative of the carrier, who is fully familiar with the case and who has full authority to settle the case, must also be present in the courtroom. The insurance carrier's attendance will be excused only if 1) the carrier has no California claims office or representative and 2) the carrier has an authorized claims or insurance representative with full authority to settle available by telephone during the settlement conference.

Counsel attending the conference must be completely familiar with the facts of the case and the law applicable thereto. It is the intent of the court to explore the case in depth; therefore, counsel will be expected to be fully prepared on all aspects of the litigation. Compliance with these requirements and complete cooperation between counsel and the court are essential to make the Settlement Conference productive. (7/1/97)

Rule 635 - Continuances; Taking a Matter Off Calendar

(a) Matters Set for Hearing - Matters set for hearing may be continued with agreement from opposing parties or counsel and permission from the calendar clerk. A written stipulation by the parties or counsel must be sent to the calendar clerk. No such matter will be continued more than two times nor within 24 hours of the time set for hearing without a specific order of the court.

If the parties do not agree, the party seeking a continuance can do so on a noticed motion or by a motion made at the time of hearing which the court may grant for good cause shown and upon such terms as the court in its discretion may impose.

Only the moving party will be allowed to take a matter off calendar. The request must be in writing. No matter will be taken off calendar by any party once a tentative ruling has been issued.

(b) Matters Set for Trial - Continuances of all matters set for trial, including short cause matters, will be granted by the presiding judge only upon an affirmative showing of good cause within the meaning of §9 of the Standards of Judicial Administration recommended by the Judicial Council as set forth in the Appendix

to the California Rules of Court. One, and only one, request for continuance will be granted by stipulation of the parties provided that 1) the new trial date is within the court's case disposition time goals, 2) the request is supported by a declaration of good cause, and 3) the request is confirmed by court order. Any request for continuance that will result in a trial date beyond the case disposition time goals of the court will only be considered on a noticed motion. If necessary and justified, the moving party may seek an order shortening time by stipulation of the parties or by an ex parte hearing. (See Local Rule 640 for additional requirements for Short Cause Trials.)

Appearances are required on all motions and requests to continue trial dates so that a new trial date can be established if the motion or request is granted. Any allowable stipulated continuance must include a new trial date that has been approved by the master calendar clerk. It is the policy of the court to be extremely strict in granting continuances. No continuance will be granted in any event unless there is a factual showing of good cause for such continuance.

(c) Designation of Trial Counsel - Where there is more than one attorney in a firm, the unavailability of the particular attorney who intends to try the case will not be considered good cause for a continuance unless 1) trial counsel is designated by giving notice to the court and to all parties within 30 days of the Case Management Conference, or 2) all trial attorneys in the firm are in trial on the assigned trial date.

(d) Notice of Case Disposition - All parties must strictly comply with California Rules of Court Rule 225 to notify the court of settlement or stay of any pending cases. The parties must also notify the court if there is a dismissal or any other event or circumstance that would vacate the trial date. (7/1/97)

Rule 640 - Short Cause Trial Calendar

The short cause trial calendar will be called by the presiding judge at 9:00 a.m. every Thursday and Friday and on Tuesdays as necessary. Counsel, clients, and unrepresented parties are required to be present and prepared to go to trial at the time the calendar is called. Pursuant to California Rules of Court Rule 214, if any short cause case is not completed within five hours, including time necessary for reading transcripts, depositions and other documentary evidence, the judge may complete the trial or in the interest of justice may declare a mistrial. Unless continued in accordance with these rules, these cases will proceed to trial whether or not the attorney and/or party is present. (1/1/03)

Rule 645 - Pretrial Motions (In Limine and Evidence Code §402)

In cases estimated for five or more days of trial, counsel must file and serve at least five days prior to trial date, all motions expected to be made prior to trial or during trial. The document must be properly captioned, must succinctly state the nature of the motion or evidence question with a citation to appropriate code or case law, and must set forth the specific trial court action requested and the facts relied upon to justify the request. An estimate of the time necessary for the hearing of such motions must be set forth on the caption page covering the motions. All documents filed pursuant to these requirements must be filed with the superior court clerk and a duplicate thereof with the court administrator. Failure to file and serve these motions at least five days before trial may be deemed a waiver of the moving party's right to make such motions. (7/1/97)

Rule 650 - Uninsured Motorist Cases

An action for personal injury or property damage against an uninsured defendant may be designated an "uninsured motorist case" upon application of the plaintiff filed within 30 days of the commencement of the action. California Rules of Court Rule 207, and Government Code section 68609.5 apply to uninsured motorist cases. Upon the filing of such an application, the court will set a hearing date six months from the date of the designation. At the hearing, the action will be dismissed (without prejudice) unless the court, for good cause, extends the time for resolution of the case. (1/1/03)

Rule 665 - Bankruptcy

If an entire action has been stayed by reason of the filing of a bankruptcy petition, the court must be notified in writing immediately and all action on the case will be stayed pending the outcome of the bankruptcy. If less than all defendants in a multi-party case have filed for bankruptcy protection, the action will proceed against the remaining defendants unless it would be unjust to so proceed. Upon request of a party, the matter will be set for review of its status in 12 months. (7/1/97)

TULARE COUNTY SUPERIOR COURT

CHAPTER 7 - CIVIL LAW AND MOTION

Rule 700 – Preemption

The Judicial Council preempted local court rules pursuant to California Rules of Court Rule 981.1 in all civil law and motion proceedings. See California Rules of Court Rules 301, et. seq., for requirements in format and filing of papers and evidence in all motion practice. (7/1/00)

Rule 701 – Adoption of Tentative Ruling System - Notice of Oral Argument

The court offers a tentative ruling system, and pursuant to California Rules of Court, rule 324(c), follows the procedure in California Rules of Court, rule 324 (a)(1), as follows:

324(a)(1) - *NOTICE OF INTENT TO APPEAR REQUIRED*

“The court will make its tentative ruling available by telephone and also, at the option of the court, by any other method designated by the court, by no later than 3:00 p.m. the court day before the scheduled hearing. If the court desires oral argument, the tentative ruling will so direct. The tentative ruling may also note any issues on which the court wishes the parties to provide further argument. If the court has not directed argument, oral argument will be permitted only if a party notifies all other parties, and the court, by 4:00 p.m. on the court day prior to the hearing of the party’s intention to appear. A party must notify all other parties by telephone or in person. The court will accept notice by telephone and, at its discretion, may also designate alternative methods by which a party may notify the court of the party’s intention to appear. The tentative ruling will become the ruling of the court if the court has not directed oral argument by its tentative ruling and notice of intent to appear has not been given.” [emphasis added]

TULARE COUNTY SUPERIOR COURT

NOTICE OF INTENT TO APPEAR (must be sent by 4:00 p.m.): FAX NO.: 559-737-4290

The tentative ruling may be obtained by calling telephone number 559-737-4339, or by accessing the Internet at address www.tularesuperiorcourt.ca.gov after 3:00 p.m. the court day prior to the hearing. Any request for oral argument must be sent via facsimile by 4:00 p.m. to the following number: 559-737-4290. This facsimile number must be used for notice to the court for oral argument on tentative rulings. (1/1/03)

Rule 702 – Once Tentative Ruling Has Issued A Party Cannot Take a Matter Off-Calendar

A request to take a matter off-calendar requires 24 hour notice, or court order. See Local Rule 635(a). No matter will be taken off calendar by any party after the tentative ruling has issued. (7/1/00)

Rule 710 - Courtesy Copy to Research Attorney

A courtesy copy of all law and motion documents must be delivered to the research attorney upon filing. Additionally, copies of federal cases and cases that are older than the 2d series that are relied upon by the parties must be submitted to the court. (1/1/03)

Rule 712 - Scheduling Civil Ex Parte Hearings

Ex parte civil matters may be heard any day of the week at 8:15 a.m., pursuant to the Judge's schedule. Civil matters are heard by the judge assigned to the Civil Law and Motion Calendar. It is the responsibility of the attorney wishing to set a matter for ex parte consideration to contact the judge's clerk and to conform to the rules the judge has developed regarding ex parte matters, in addition to compliance with CRC 379.

In the event the regularly assigned Civil Law and Motion Judge is not available, the moving party is directed to contact the Court's Administrative Office and determine the assigned judge. The moving party will then contact the clerk of the assigned judge to determine any rules that individual judge may have regarding ex parte matters, in addition to compliance with CRC 379. (1/1/03)

Rule 715 - Judicial Notice Request

The California Rule of Court regarding Judicial Notice is set forth in Rule 323(b). Even though the CRC rule only requires the party to have the court's file available at the hearing if the material is part of a file in the court in which the matter is being heard, the court requests you also attach this material. Many times the case has become voluminous and the documents are in multiple files. It is much more efficient for counsel to make the documents available by attachment than for the clerk to deliver multiple files to the hearing. Since this court has adopted a tentative ruling system, failure to attach a copy may preclude

the court from considering the material if the file is only provided at the actual hearing.

Rule 720 - Guardian ad Litem Appointments and Compromise of Minors' Claims

Petitions for Appointment of a Guardian ad Litem must use the Judicial Council mandatory forms. The forms are available in the clerk's office in room 201.

Minor's compromises must be submitted on the Judicial Council mandatory forms and include the proposed order on the Judicial Council form. Also see Local Rule 721.

Absent good cause shown, it will be counsel's responsibility to file an acknowledgment (as set forth in Appendices 15 or 16) within two weeks after the Order Approving Minor's Compromise has been entered.

Upon presentation by the minor's attorney [not the attorney for the insurance company], the court will accept minor's compromise cases on an ex parte basis with no court appearance necessary in cases with adequate documentation in which the gross proceeds are not more than \$5,000.00.

Attorney fees in minor's compromise cases must generally be twenty-five percent of the gross amount of the settlement after deduction of costs incurred. In the event counsel seeks additional attorney fees, an appropriate declaration must be filed at the time of the petition.

Except as set forth above, hearings on approval of compromises of minors, conservatees, and incompetent persons will be held in open court. After hearing, if the court orders the proceeds deposited in a bank, trust company, or savings and loan association, the order approving the compromise will provide as follows: "A certified copy of this order will be delivered to the manager of the bank, trust company, or savings and loan association together with the sum to be deposited therein, and a written receipt of said bank, trust company, or savings and loan association acknowledging receipt of said sum will forthwith be filed with the superior court clerk." In cases involving minors, the order must contain the date when the minor will attain the age of 18 years and a direction to the bank, trust company, or savings and loan association to release on such date all funds to the minor without further order of the court.

Withdrawals from a minor's blocked account will only be permitted for specific and limited purposes for which a parent/guardian is not financially capable and obligated to pay. (For example: orthodontic work and tuition above the high school level.) However, if both parents are too ill to work or both have been unemployed and there are no funds other than those of the minor, the court may permit the use of some of the monies, but only for necessities of the child. Any request for an order to withdraw funds from a blocked account

will be carefully scrutinized by the court. Within 15 days from the date of an order to withdraw funds, the parent/guardian must file with the court a "Certificate Accounting for Funds Withdrawn From Minor's Account." A court-approved form for this certificate will be attached to a copy of the authorizing order to aid the parent/guardian in complying with this requirement. Failure to file a certificate can result in the court's refusal to allow future withdrawals of funds, as well as possible contempt proceedings against the parent/guardian for failure to comply with the court order. (1/1/03)

Rule 721 - Affirmative Duty to Explore Annuity for Minor's Compromise

The party seeking a minor's compromise has an affirmative duty to, and must consider an annuity for the child. Any party not obtaining an annuity for the child's proceeds must explain to the court why an annuity has not been considered, or if considered, why an annuity was not in the child's best interest. (1/1/03)

Rule 722 - Attorney Fees on a Default Action on Note or Contract

The schedule for attorney fees on a default action on a note or contract is set forth in Appendix 10. Any request for attorney fees on default to be issued by the clerk must be accompanied by a declaration from the attorney that he will accept the amount as set forth in the schedule in Appendix 10. If no declaration is attached, no fees will be awarded unless the attorney sets a hearing before a judge pursuant to the California Rules of Court. (1/1/03)

Rule 750 - Actions Arising Under The California Environmental Quality Act
[Mandate Actions Under Public Resources Code Section 21000 et seq. (CEQA)]

(a) Where Filed: Mandamus actions challenging an agency decision under the California Environmental Quality Act (Publ. Res. Code, § 21000 et seq.) must be filed in the Civil Clerk's Office of the Visalia Superior Court. Each action must be accompanied by an initial filing form utilized by the court and must designate the action as Environmental Law – CEQA (Section 21167.1 et seq. of the Public Resources Code), and must be assigned to the designated CEQA Department for all purposes.

(b) Ordering the Administrative Record: In accordance with Public Resources Code section 21167.6, within 10 business days after the action is filed, petitioners must personally serve on the appropriate public agency their request for preparation of the administrative record or their notice of election to prepare the record themselves.

(c) Mediation: In accordance with Government Code section 66031, within 5 days after the deadline for respondent or defendant to file a response to the action, plaintiff or petitioner must prepare and lodge with the designated CEQA Department a notice form for the Court's signature inviting mediation. The clerk will then mail the notice of invitation to the parties.

(d) Preparing the Administrative Record:

(1) Preparation by the Public Agency: Within 20 calendar days after receipt of a request to prepare the administrative record, the public agency responsible for such preparation must personally serve on petitioners a preliminary notification of the estimated cost of preparation, setting forth the agency's normal costs per page, other reasonable costs, if any, the agency anticipates, and the likely range of pages. This notice must also state, to the extent then known, the location(s) of the documents anticipated to be incorporated into the administrative record, must designate the contact person(s) responsible for identifying the agency personnel or other person(s) having custody of those documents, and must provide a listing of dates and times when those documents will be made available to petitioners, or any party, for inspection during normal business hours as the record is being prepared. This notice must be supplemented by the agency from time to time as additional documents are located or determined appropriate to be included in the record.

Upon receipt of this preliminary notification, petitioners may elect to prepare the record themselves provided they notify the agency within 5 calendar days of such receipt. If petitioners so elect, then within 40 calendar days of service of the initial notice to prepare the administrative record, petitioner must prepare and serve on all parties a detailed index listing the documents proposed by petitioners to constitute the record. Within 7 calendar days of this notification, the agency and/or other parties must prepare and serve the petitioners and all parties with a document notifying them of any document(s) or item(s) that such parties contend should be added to, or deleted from, the record. The agency must promptly notify petitioners of any required photocopying procedures and/or conditions with which petitioners must comply in their preparation of the record.

If petitioners do not so elect, then within 40 calendar days after service of the request to prepare the administrative record, the agency must prepare and serve on the parties a detailed index listing the documents proposed by the agency to constitute the record and provide a supplemental estimated cost of preparation.

Within 7 calendar days of receipt of this notification, petitioners and/or any other parties must prepare and serve the agency and all parties with a document notifying the agency of any document(s) or item(s) that such parties contend should be added to, or deleted from, the record.

(2) Preparation by Petitioners: Within 20 calendar days after receipt of petitioners' notice of election to prepare the record themselves, the public agency responsible for certification of the record must personally serve on petitioners a preliminary notification designating, to the extent then known, the location(s) of the documents anticipated to be incorporated into the administrative record, the contact person(s)

responsible for identifying the agency personnel or other person(s) having custody of those documents, and the dates and times when those documents will be made available to petitioners, or any party, for their inspection and copying. This notice must also state any required photocopying procedures and/or conditions with which petitioners must comply in their preparation of the record. This notice must be supplemented by the agency as additional documents are located or determined appropriate to be included in the record.

Within 40 calendar days after service of petitioner's notice of election, petitioners must prepare and serve on all parties a detailed index listing the documents proposed by petitioners to constitute the record. Within 7 calendar days of this notification, the agency and/or other parties must prepare and serve the petitioners and all parties with a document notifying them of any document(s) or item(s) that such parties contend should be added to, or deleted from, the record.

(3) Format of Administrative Record:

A. Type of Paper: The Administrative Record (Record) must be prepared on paper, white or unbleached, of not less than 13-pound weight, 8 1/2 by 11 inches, using a photocopying process that will produce clear and permanent copies legible to printing. Only one side of the paper will be used and the margin must be not less than 1 and 1/4 inches on the left side of the page. Alternatively, original copies of the environmental documents may be lodged as part of the Administrative Record, provided that original copies are also provided to all parties in the lawsuit. The pages of the Administrative Record must be numbered consecutively and bound on the left margin. The use of recycled paper is encouraged.

B. Volume Designation: The Record must be provided in one or more volumes of not more than 300 pages per volume, separately bound. The cover of each volume of the Administrative Record must be the same size as its pages and contain the same material as the cover of a brief, but must be prominently entitled "ADMINISTRATIVE RECORD." The first volume of the Administrative Record must have at the beginning an index of each paper or record in the order presented in the Administrative Record referring to each paper or record by title or description and the volume and page at which it first appears.

C. Detailed Index: The detailed index listing of the documents agreed to by the parties as the records to be included in the Administrative Record must be prominently entitled "Detailed Index of Administrative Record" and filed with the Civil Filing Clerk at the court location in which the action is

pending. A second, courtesy copy of the Detailed Index of Administrative Record must be separately lodged in the designated CEQA Department.

D. Organization: The Record should be organized with the following documents (as applicable) at the front of the Record, in the following order:

- (1) The Notice of Determination;
- (2) The resolution(s) or ordinance(s) adopted by the lead agency approving the project, including any resolution(s) or ordinance(s) adopted in compliance with Public Resources Code sections 21081 and 21081.6;
- (3) The Draft or revised Draft Environmental Impact Report and initial study;
- (4) The comments received on and the responses to those comments prepared for the Draft Environmental Impact Report or Negative Declaration, including any modifications to the environmental documents and project made after the comment period;
- (5) The remainder of the Final Environmental Impact Report (e.g., the Technical Appendices and other technical materials);
- (6) The staff reports prepared for the approving bodies of the lead agency;
- (7) Transcripts and/or minutes of hearings; and
- (8) The remainder of the Administrative Record, preferably in chronological order. This listing of documents is not intended to dictate the content of the Record, but instead is intended to describe a uniform order for documents typically contained in a Record. The lead agency is encouraged to use tabs to separately identify each of these portions of the Record. The parties are referred to Public Resources Code section 21167.6(e) as to what the Record should contain.

(f) Certifying and Lodging the Record: Upon completion of preparation of the record, it must be certified by the agency before it is filed with the Court. If the agency has prepared the record, it must make such certification and must personally serve and lodge the record in the designated CEQA department no later than 60 days after the request. If the petitioners have elected to prepare the record, petitioners must transmit it to the agency for certification.

After such certification, petitioners must prepare and file a Notice of Lodgment of Administrative Record with the Civil Filing Clerk at the Visalia court, and personally serve and lodge the record and Notice of Lodgment in the designated CEQA Department no later than 60 days after service of the notice of election to prepare. If the agency refuses to make a complete certification, it must make a partial certification, specifying any alleged defects in the record. Any extension of the 60-day time period may be obtained by filing a stipulation of the parties and obtaining court approval of the extensions prior to the expiration of the 60-day period. Also, an extension may be obtained from the Court upon a properly noticed hearing scheduled prior to the expiration of the 60-day period.

(g) Disputes Regarding the Contents of the Administrative Record: Once the administrative record has been filed, any disputes about its accuracy or scope should be resolved by appropriate noticed motion. For example, if the agency has prepared the administrative record, petitioners may contend that it omits important documents or that it contains inappropriate documents; if the petitioners have prepared the record, the agency may have similar contentions. A motion to supplement the certified administrative record with additional documents and/or to exclude certain documents from the record may be noticed by any party and should normally be filed as soon as possible after the record is lodged. All motions objecting to and/or wanting to augment the administrative record must be heard prior to the court issuing a briefing schedule and setting a hearing date. **THE PARTIES ARE STRONGLY URGED TO MEET AND CONFER IN ORDER TO RESOLVE DISPUTES REGARDING THE CONTENT OF THE ADMINISTRATIVE RECORD.**

(h) Notice of Hearing: The petitioner must notice a hearing date on the petition for writ of mandate, consistent with Public Resources Code section 21167.4. The hearing must be noticed for not later than 160 days from the date of filing the petition.

(i) Briefing Schedule and Length of Memoranda: Petitioner must file in the Civil Clerk's Office of the Visalia Superior Court and serve personally, by overnight mail or, if previously agreed, by fax, an opening memorandum of points and authorities in support of the petitioner within 30 days from the date the administrative record is served, unless there is a dispute as to the content of the administrative record. If there is a dispute, then the opening brief will be due 30 days from the date the ruling, regarding the motion objecting to and/or augmenting the administrative record, is issued.

Respondent and Real Party in Interest will file and serve personally, by overnight mail or, if previously agreed, by fax, opposition points and authorities, if any, within 30 days following service of petitioner's memoranda of points and authorities.

Petitioner will have 20 days from service of the opposition's points and authorities to file and serve personally, by overnight mail or, if previously agreed, by fax, a reply memorandum of points and authorities.

The parties may agree upon a shorter time frame for briefing by written stipulation filed with the Court.

Any request for permission to file a memorandum in excess of the 15 page limit must be made pursuant to Rule 313(d), California Rules of Court.

(j) Settlement Meeting: The initial notice required by Public Resources Code section 21167.8 will provide that, if the parties agree, the first meeting will be continued so as to take place no later than 35 days after the administrative record is served. If the parties do not agree to this continued first meeting date, then the first meeting will take place in accordance with Public Resources Code section 21167.8 and a second meeting is ordered to take place within 5 days after the administrative record is served. The parties must agree as to the time and place of any meeting pursuant to Public Resources Code section 21167.8. Other meetings may be scheduled by the parties. The statement of issues required by 21167.8(f) must identify those portions of the Administrative Record that are directly related to the contentions and issues remaining in controversy. The Court will utilize these statements in focusing on the legal and factual contentions and issues to be resolved. However, such contentions and issues must be consistent with the pleadings to be properly resolved by the Court.

(k) Trial Notebook: Petitioner must prepare a trial notebook which must be filed with the designated CEQA department 14 days before the date of the hearing. The trial notebook must consist of the petition, the answer(s), the briefs, the statement of issues, and any other document(s) agreed upon by the parties. Additionally, the parties must file an exhibit notebook which must contain the pages of the administrative record to which they referred in their briefs. (1/1/03)

TULARE COUNTY SUPERIOR COURT

CHAPTER 8 - CRIMINAL TRIALS AND PRETRIAL MATTERS

Rule 800 - Criminal Law and Motion

Criminal law and motion matters will be heard at 8:30 a.m. each day in the department designated as the Criminal Law and Motion Department and will include all matters arising out of a criminal case including, but not limited to, sanity hearings pursuant to Penal Code §1368, Writs of Habeas Corpus, Coram Nobis and similar matters. (7/1/97)

Rule 801 - Copy of Pleadings to be Delivered to Trial Judge

In any pre-assigned criminal case, counsel must submit a copy of all pleadings to the assigned judge by delivering a copy to Room 303 two days before the hearing. (1/1/03)

Rule 805 - Pretrial Conferences

Pretrial readiness conferences will be held each day of the week between the hours of 8:30 a.m. and 10:00 a.m. In each case set for trial, a conference will be held on a date at least two weeks prior to the trial date.

(a) Prosecutor's Responsibilities - Pretrial readiness conferences may be held in chambers at the discretion of the court. If any party objects to this procedure, he/she, or his/her attorney, must state his objection prior to the commencement of the conference so that the matter can be heard in open court. The prosecuting trial deputy assigned to try the case must be personally present, be familiar with the case, have authority to enter into stipulations concerning the production and/or presentation of evidence, and have full authority to dispose of the case under the provisions of Penal Code §1192.5. In the alternative, the Pre-trial Deputy District Attorney must be familiar with the status of each case file.

(b) Defendant's Responsibilities - The defendant must be personally present. The attorney for the defendant must be familiar with the case, must have counseled with the defendant, and must have the authority, with the express consent of the defendant when needed, to enter into stipulations concerning the production and/or presentation of evidence, to make offers under the provisions of Penal Code §1192.5, or otherwise enter into agreements to dispose of the case.

(c) Probation - The probation officer, or a designated senior deputy, must be present with available information concerning the defendant. A court reporter must be present or available to report such matters as the judge may designate. All proceedings so designated will be immediately transcribed and the transcript placed in the court's file.

(d) Meet and Confer - Attorneys are required to discuss the case with each other prior to the readiness conference, and if it appears to the judge that the attorneys have not so discussed the case, the conferences may be continued for not less than one day to enable them to do so.

At the readiness conference the attorneys must be required to appear and discuss the issues of the case and negotiate its possible disposition without trial pursuant to the provisions of Penal Code §1192.5, except when prohibited by law. If no agreement is reached, the date for trial will be confirmed. The parties must work to enter into agreements and stipulations which will have the effect of determining as many issues as possible before trial and thus shortening the trial. In the event the case is to be tried, counsel must be prepared at the conference to commit that they will be ready to proceed to trial on the date set. (7/1/97)

Rule 810 - Pretrial Motions

All pretrial motions, including motions for defense attorney fees and costs, will be heard in the Criminal Law and Motion Department except 1) in limine motions, and 2) motions in cases preassigned to a single judge for trial which will be heard by the trial judge. (7/1/97)

Rule 815 - Setting for Trial and Pretrial Motions

Upon the taking of a defendant's plea of not guilty, the judge will set the date for trial. The judge will also set a date for a pretrial conference and will announce the last date for hearing further pretrial motions. Except for motions of a constitutional dimension and Penal Code §1538.5 motions, motions made after that date will not be heard. No special motions will be set or heard after the pretrial conference date except upon an affirmative showing of good cause in a written declaration. The court may impose sanctions against any attorney unreasonably delaying the bringing of any pretrial motion including §1538.5 motions and motions of a constitutional dimension. (7/1/00)

Rule 820 - Continuances of Criminal Matters

(a) All applications for orders continuing a noticed motion must be addressed to the judge of the Criminal Law and Motion Department and must be considered in light of the requirements of this Chapter.

(b) Continuances of criminal pretrial conferences will not be granted except upon affirmative proof in open court that the ends of justice require a continuance within the meaning of Penal Code §1050.

(c) Continuance of criminal trials is governed by the provisions of Penal Code §1050. It is the policy of this court that all criminal cases will be brought to trial within 60 days of the filing of the indictment or filing of the information. Time waivers are discouraged and will not be accepted, except in unusual and extreme circumstances.

(d) All motions to continue criminal trials, whether noticed and set for hearing or made on the day of trial, must only be made to and considered by the presiding judge. Failure to comply with Penal Code §1050 regarding criminal trial continuance may subject counsel to sanctions under §1050.5. (7/1/97)

Rule 825 - Placing of Matters on Calendar

No arraignments on original or amended information or indictments, motions, or any other criminal proceedings will be placed on calendar with less than two days prior notice to the court administrator or calendar clerk. (7/1/97)

Rule 830 - Presentation, Filing and Motion Requirements

All motions must be in writing and must comply with California Rules of Court as to motion practice. Motions to set aside an indictment or information must set forth with particularity the claimed deficiencies in the transcript or the irregularities in the proceedings. Any motions made after the date set for the bringing of motions must be presumed to be unreasonably delayed, and the party bringing the same will have the burden of showing good cause for such delay. (7/1/00)

Rule 835 - Applications for Modification of Sentence or Probation Terms

Modification motions must be in writing directed to the criminal law and motion judge. No person will be transported to court for consideration of any such application unless the judge has ordered the defendant's appearance prior to the hearing. Such an application may be rejected without hearing if the judge finds that it fails to show good cause for any such modification. Notice of such application must be given to the opposing counsel at least 15 days prior to the hearing date. Such motions may also be granted ex parte by the court upon a showing of good cause. (7/1/97)

Rule 840 - Extended Hearing

When a criminal law and motion matter is expected to take more than 30 minutes, the court may place the motion on the Master Calendar for assignment. In that event, the court will give counsel as much advance notice as possible to avoid inconvenience to attorneys and witnesses. (7/1/97)

Rule 845 - Criminal Trials

(a) Voir Dire - Voir Dire Examination will be conducted in accordance with the provisions of the Code of Civil Procedure §223.

(b) Alternate Jurors - At least one alternate juror will be selected in every case expected to last more than one day. The alternate juror or jurors will be selected after the regular panel has been sworn. Each side may have as many challenges to the alternate jurors as there are alternate jurors without regard to the seat the alternate juror may be occupying. If a regular juror is unable to proceed, the successor juror will be selected by lot from the alternates.

(c) Exhibits - Maps and diagrams must be prepared in advance. A lay person should not be asked to draw a map or diagram in court. Lay witnesses may place markings on maps and diagrams.

(d) Witnesses - Each attorney is responsible for having all witnesses available at the time their testimony is required. No trial will be delayed because of incorrect scheduling of witnesses unless counsel can show the court that 1) due diligence was exercised in attempting to secure the witness's presence and 2) the witness's presence is necessary to ensure a fair trial. If a problem arises because of incorrect scheduling of witnesses, the court will usually permit the calling of witnesses out of order.

(e) Transcription of Recorded Documents - Prior to the commencement of any trial, a typed transcription of any sound recording which counsel expects to offer into evidence must be prepared and must be certified by the preparer as containing a true transcription of such recorded statement. Failure to prepare such transcription will be presumptive cause for exclusion of such statement from evidence. (7/1/00)

Rule 850 - Attorney's Appearance and Representation

Any appearance at any proceeding in superior court will be considered a general appearance obligating the attorney to represent the defendant throughout the proceedings, except as may be otherwise provided by law. (7/1/97)

CHAPTER 9 - FAMILY LAW MATTERS

Rule 900 - Enforcement

Failure to comply with these rules may result in an award of attorney fees and costs pursuant to Family Code §271 and/or any of the sanctions set forth in Local Rule 115. (7/1/97)

Rule 901 - Setting Matters for Hearing

All family law matters must be set pursuant to Local Rule 305. When any matter involves child custody or visitation, all parties must arrive promptly at 8:00 a.m. Failure to be in the courtroom at the commencement of the morning orientation may result in a continuance and appropriate sanctions. (7/1/97)

Rule 902 - Presentation of Documents

All documents submitted in family law matters must comply with California Rules of Court as to motion practice, as well as the following:

- (a) Without prior approval, the court will not consider more than 10 typewritten, double-spaced pages of declarations including attachments but excluding financial, medical, psychological, and educational documentation. No foundation will be required for medical or psychological reports or for school reports unless there is an issue as to the authenticity of the documents.
- (b) All pleadings must be on Judicial Council forms if such specific forms are available. In Uniform Parentage Act cases not involving domestic violence, the Family Law Order to Show Cause and Notice of Motion forms may be used.
- (c) Photocopies of forms adopted by the Judicial Council and used in family law matters must be legible and tumbled if two sided. (7/1/97)

Rule 903 - Matters off Calendar

After service of the moving papers, but before responsive pleadings are served, no matter will be taken off calendar without notice to the responding party or attorney. If responsive pleadings have been served, the responding party or attorney must consent before the matter may be taken off calendar. (7/1/97)

Rule 904 - Continuances

Continuances must comply with Local Rule 635, except that no family law matter will be continued more than once without court approval. Any request for more than one continuance of the same matter must be supported by a declaration stating good cause with acknowledgment that the request is pursuant to this rule. (7/1/97)

Rule 905 - Hearings Estimated to Take More Than 20 Minutes

If it is apparent to the presiding family law judge or commissioner, after consultation with counsel for the parties, that a matter will take more than 20 minutes, such matter will be referred to the presiding judge or court administrator for setting on the Master Calendar. (7/1/97)

Rule 910 - Absence of the Family Court Commissioner

In the Commissioner's absence, orders must be submitted to the presiding family court judge. In the absence of that judge, matters will be referred to court administrator for assignment. (7/1/97)

Rule 911 - Ex Parte Hearings

(a) Procedure and Notice - The procedure and notice of an ex parte hearing must be pursuant to the California Rules of Court rule 379.

(b) Declaration - An ex parte order will issue only if accompanied by attached declarations alleging specific facts within the personal knowledge of the declarant which are adequate to support the issuance of such orders. Any declaration in support of an ex parte order changing the status quo, as opposed to preserving the peace or maintaining the status quo, must reveal this fact, describe the existing situation and set forth facts justifying the change. There is an absolute duty to disclose the fact that a requested ex parte order will result in a change of status quo.

(c) Child Custody - No order granting temporary custody of a minor child will be granted without a supportive declaration stating the following:

(1) The date of separation, or if a custody order has previously been issued, a copy of that order, a summary of the custody/visitation practices of the parties in the past, and if the juvenile court has previously made an order regarding custody, a copy of that order.

(2) The name of the custodial parent since the foregoing date; and whether or not the applicant obtained custody by mutual agreement or order of the court; and

(3) If an ex parte change in status quo is requested, clear and specific facts demonstrating that the health and welfare (including flight from the area) of the child will be in danger without a change of custody.

An ex parte order for child custody will not issue without an accompanying order restricting all parties from removing the child from California except for good cause shown. When issues of custody and visitation will be contested, the moving party may contact the Family Court Services to attempt to establish a pre-OSC mediation.

(d) Exclusive Use of Vehicle. An ex parte order granting exclusive use of a vehicle will not be granted unless the declaration demonstrates that the opposing party has suitable transportation available, or requires no such transportation, or such order is necessary for the immediate best interests of the children.

(e) Removal from Residence. An ex parte order removing a party from a residence will not issue without facts demonstrating violence, and the date or dates thereof, and that physical harm would result, unless the declaration clearly states that the excluded party has previously voluntarily vacated the residence.

(f) Payment of Obligations. An ex parte order requiring the payment of obligations will not issue without financial facts justifying the order, plus an attached completed Income and Expense Declaration with at least an estimate of opposing party's gross income. Only in unusual circumstances will a payment of an obligation order be issued.

(g) Modified Orders. If the court modifies any requested orders, it is the responsibility of the applicant, or attorney, to conform all copies with the changes before filing and service.

(h) Set Aside of Ex Parte Orders. If a responding party requests an ex parte order to be set aside prior to the date set for hearing, notice must be given to the moving party. The court may order an earlier hearing date, or modify the orders, on a proper showing in lieu of setting aside the orders.

(i) Special Procedures for Restraining Orders and Injunctive Relief Pertaining to Domestic Violence. To obtain enforcement of temporary restraining orders, applicants, or their attorney, should deliver a copy of such orders to a designated law enforcement agency. The order must have a file-endorsed stamp by the clerk of the

court on the upper right-hand corner. Applicants for domestic violence restraining orders must prepare and submit with their application a declaration regarding any previous domestic violence applications (see item 18, page four of the Judicial Council Form entitled "Domestic Violence Prevention Application and Declaration." These forms are available in Room 201 of the Visalia courthouse). (7/1/97)

Rule 912 - Family Law Temporary Restraining Orders Issued By the Clerk at Initial Filing.

(a) Pursuant to Family Code §2040, upon service of summons in actions for dissolution, annulment, legal separation or under the Uniform Parentage Act, certain temporary restraining orders issue automatically. (ATROs) These orders are mutual and bind both the Petitioner and Respondent. They include:

- (1) Removing the minor child or children of the parties from the state without the prior written consent of the other party or an order of the court;
- (2) Cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage including life, health, automobile, and disability held for the benefit of the parties and their minor child or children; and
- (3) Transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, without the written consent of the other party or an order of the court, except in the usual course of business or for the necessities of life.

(b) Extraordinary Expenditures. Notice must be made between the parties of any proposed extraordinary expenditures made after these restraining orders are effective. However, nothing in the restraining orders will preclude the use of community property to pay reasonable attorney fees in order to retain legal counsel in the action. These orders remain in effect until modified or entry of the final decree or dismissal of the petition.

(c) Clerk Authorized to Issue Certain Temporary Orders. For temporary restraining orders other than the orders listed in subsection (a) above, the superior court clerk's office has been authorized to issue certain family law temporary restraining orders upon initial filing. The clerk's duties are strictly ministerial. The clerks must avoid any semblance of judicial discretion. If you wish to avail yourself of this service, the procedures set forth in Appendix 2 must be followed exactly. (7/1/97)

Rule 913 - Family Law Orders to Show Cause Issued by the Clerk

(a) For the convenience of counsel and litigants who are unrepresented, the clerk's office has been authorized to issue "Orders to Show Cause for Modification" not requesting temporary restraining orders, and to set a hearing date provided an Order Shortening Time for hearing, or service, has not been requested. The clerk will also issue Orders to Show Cause when the Order to Show Cause face page, in Item 3(c) states: "Five days before the scheduled hearing both parties are ordered to comply with Local Rule 931, a copy of which is attached." Sanctions for failure to comply with such an order will only be available if the moving party serves a copy of the relevant sections of the Tulare County Superior Court Local Rules of Court on the other party and includes the following additional language: "Willful failure to provide the requested information as required by the Local Rules will result in sanctions." (7/1/97)

(b) The clerk may also reissue Orders to Show Cause provided that an Order Shortening Time has not been requested. (7/1/97)

Rule 914 - Applications for Family Law Court Orders

Any request to deviate from California Rules of Court Rule 1225(a), which provides that the court may grant or deny relief solely on the basis of pleadings without the presentation of oral testimony, must be made subject to the restrictions on oral testimony set forth in California Rules of Court Rule 323(a). Any such request must also be supported by an explanation why a declaration would be insufficient and/or why cross examination is necessary. (7/1/97)

Rule 915 - Attorney Fees

(a) Except as provided in Local Rules 115 and 900, or as otherwise allowed by statute, attorney fees and costs will not be awarded unless an "Income and Expense Declaration" is filed with Item 19 fully and accurately completed.

(b) If attorney fees and/or costs of litigation (including fees for experts) are requested in a combined amount in excess of \$1,000, the request must be supported by a separate declaration signed by the attorney, describing services performed, time expended, hourly rate, and all reasonably anticipated fees and/or costs. In the absence of such declaration, no award in excess of \$1,000 for fees and costs will be granted.

(c) There will be no award of attorney fees in the excess of \$2,500 in any case unless an Early Disposition Conference is held pursuant to Local Rule 954.

(d) Absent compliance with Local Rule 920, no attorney fees under Family Code §271 will be awarded at any hearing. (7/1/97)

Rule 920 - Meet & Confer Requirement/Settlement Efforts

(a) Except for proceedings under the Domestic Violence Prevention Act and the Tulare County Department of Child Support Services Calendar, counsel must meet and confer prior to the beginning of a contested hearing to resolve or limit the disputed issues. Failure to conduct such settlement discussions in good faith will have a bearing on attorney fees to be awarded and may result in a court-ordered continuance.

(b) All parties are required to provide copies of documentary evidence to opposing parties and not wait until the time of the hearing to “surprise” the opposing party with proffered documentary evidence except where a document clearly and substantially impeaches the veracity of a party or witness, and the document is used primarily for that purpose. This document exchange must occur prior to, or at the meeting, required by this rule.

(c) No case on the family law OSC calendar will be heard unless counsel, with their respective clients either physically present or immediately physically available, have met and conferred in good faith and attempted to resolve all disputed issues.

(d) When counsel cannot reasonably or economically meet prior to the hearing date due to geographical distances, counsel may meet on the day of the hearing prior to the call of the calendar, or in the discretion of the court, after the calendar is called but prior to the matter being heard. Counsel and clients within the same geographic area (e.g. Tulare and Visalia are one geographic area) must meet before the scheduled hearing date.

(e) When counsel are appearing on behalf of clients who cannot be present at the hearing, counsel must arrange for the absent client to be on telephone standby. (7/1/00)

Rule 925 - Stipulations in Open Court

The settlement of matters resulting in stipulations is favored and will take precedence over contested matters. Absent permission from the court, the use of a written stipulation is required rather than “stating the agreement on the record.” (7/1/97)

Rule 926 - Failure to Appear/Tardiness

(a) Failure of the moving party or attorney to be present at the calendar call, or failure to have informed the bailiff or clerk of his or her location, will result in the matter being removed from the calendar, and if the responding party has appeared, attorney fees and costs may be awarded to the appearing party.

(b) In the event the responding party or attorney fails to appear or to have informed the bailiff or clerk of his or her location, the court may continue the matter, award attorney fees, or enter an order on the pleadings and testimony of the moving party. (7/1/89)

Rule 927 - Preparation of Order After Hearing

(a) Unless otherwise permitted by the court, the moving party must prepare a written order following any hearing on the family law calendar before leaving the courtroom.

(b) Whenever the court makes a ruling but permits preparation of the order at a later time, the preparing party must mail the proposed order to opposing counsel for approval within five calendar days of the hearing. The attorney who receives the proposed order must either 1) return the order signed as approved within 10 calendar days of the date the proposed order was mailed by the preparing attorney, or 2) set an EDC (telephonic or otherwise) to resolve the dispute. If the preparing attorney does not receive a response within five days of having mailed the proposed order to the opposing attorney, the preparing party may submit the order directly to the court with correspondence advising the court of the situation. Absent prior approval by the preparing party, no modifications will be made on the proposed order by another party.

(c) If the order is not prepared in the courtroom, in cases without an attorney on the opposing side, the represented side may submit the form of order directly to the court 10 days after having forwarded a copy of the proposed order to the opposing party. (7/1/97)

Rule 930 - Adoption of Schedule for Temporary Spousal Support Awards

It is the policy of this court that parties be treated fairly and uniformly in determining their temporary spousal support obligations. Accordingly, the temporary spousal support guidelines used by the court will be those known as "Kings County Superior Court Guidelines" as calculated by The Disso Master™ software program. These schedules are subject to change. (7/1/00)

Rule 931 - Income and Expense Declaration

- (a) An Income and Expense Declaration (Judicial Council form) must be filed, attached to, and served with the moving and responsive papers in all matters when child support, spousal support, attorney fees, or payment of obligations is at issue (except in contempt proceedings.)
- (b) The failure to complete the Income and Expense Declaration fully, or attach the required pay stubs or income information, may result in sanctions as set forth in Local Rules 115 and 900.
- (c) If an Income and Expense Declaration is more than 90 days old, the party must file a current Income and Expense Declaration. In the event there has been no change within the previous 90 days, a declaration under penalty of perjury to that effect must be filed with the court. In either case, current verification of earnings or income **must** be attached as set forth in Local Rule 931 (d).
- (d) For wage earners, pay stubs for the immediately preceding three months or one pay stub showing year to date information must be attached to all Income and Expense Declarations.
- (e) If production of documents under this rule is requested, both parties must comply with this rule and the order must state, "Both parties are ordered to comply with Local Rule 931, a copy of which is attached. Willful failure to comply with this Rule may result in sanctions, if requested."
- (f) Other discoverable items not to be filed with the court but to be timely served on the other party include:
 - (1) Copies of tax returns for the immediately preceding year (State and Federal).
 - (2) Copies of all records reflecting income (whether the income has been received or not) since the last tax return.
 - (3) Copies of partnership Schedule K-1's filed within the last three years by any partnership in which either party has any interest.
 - (4) Copies of financial statements received by either party regarding any legal entity in which either party had an interest during the last three years.
 - (5) Copies of all loan applications or financial statements submitted to financial institution within the last three years, whether or not a loan was obtained.
- (g) If documents are not available (i.e., they are in the possession and control of the other party), a declaration under penalty of perjury must state that fact. (1/1/03)

Rule 932 - Child Support and the Tulare County Department of Child Support Services

The following language must appear in all orders or judgments, or as ordered by the court in any proceeding where child support, child support arrearages, or enforcement of child support is at issue in these circumstances:

- (a) If a party is awarded custody of minor child/children and is receiving, or is likely to receive, Temporary Assistance to Needy Families for the benefit of the child/children;
- (b) If the Department of Child Support Services has an open case and is either establishing or enforcing an order of support for the minor child or children;
- (c) If the issue of child support has not yet been addressed at the time the judgment is submitted for the court's review and filing; or
- (d) If it is requested by either party that the Department of Child Support Services establish and enforce an order of support.

"The issue of child support is referred to the Department of Child Support Services for an investigation and report. This report is to be mailed to the parties or attorneys within 120 days from the referral. The parties must have 15 days after the mailing of this report to object in writing to the calendar clerk, with a copy of the objection to the Department of Child Support Services. In the absence of such objection, the recommendation will be adopted as an order of this court."

The Department of Child Support Services will enforce payment of support as ordered above. All child support payments must be made to the Tulare County Department of Child Support Services, P. O. Box 60,000, File #52110, San Francisco, CA 94160-2110. Parties must notify the Department of Child Support Services in writing within 10 days of any change of residence, income, or employment. (1/1/03)

Rule 933 - Mandatory Mediation in Child Custody and/or Visitation Matters

In all matters involving disputed custody and visitation of minors, the parties will be referred to Family Court Services, Room 203, County Courthouse in Visalia, for mediation. A mediator will work to assist the parties in settling the issues by agreement. If an agreement is reached, the family court mediator will prepare a stipulation which will be submitted to the court for endorsement after the parents and their attorneys, if applicable, have reviewed and signed the document. If no agreement is reached, the mediator will so inform the court and the matter will be set for a contested hearing. At the time of the contested hearing, the mediator will lodge a contested mediation report with the court, with copies available to the

parties. The report may, or may not, contain a recommendation to the court with respect to the matter at issue.

(a) Confidentiality - Mediation proceedings will be held in private, and all written and verbal communication will be deemed "official information" (pursuant to Evidence Code §1040.) Any information may, however, be disclosed to the court.

(b) Orientation - Parties must attend an orientation presented by Family Court Services (FCS) at times provided by FCS.

(c) Appointments - Voluntary mediation appointments are encouraged and may be scheduled through Family Court Services.

(d) Complaint Procedure - Any objections that may arise in conjunction with a court-ordered mediation must be presented to the director of Family Court Services. If the director or the director's designee is not available, the matter may be presented to the court for resolution.

(e) Participation of Children - Children should not be present for court hearings or mediation unless ordered by the court; the court and/or Family Court Services will determine whether and under what conditions a minor will be interviewed, and the terms and conditions under which counsel will be appointed for the child. (7/1/97)

Rule 934 - Custody Evaluations

It is the goal of the Tulare County Superior Court to follow the established statewide principles and standards in providing each family with accurate, comprehensive, and constructive information regarding the best interests of their child(ren) in a way that promotes understanding and cooperation within the family, and adoption of the best possible plans relating to duties and responsibilities of parents in raising their children. It is also the court's intent to protect the privacy of the parties and family members. To this end the following rules must apply which are in accordance with California Rules of Court Rule 1257.3 Uniform Standards of Practice for Court-Ordered Child Custody Evaluations:

(a) Matters of custody and visitation will not be referred for investigation and report unless necessary as determined by the court. The parties may not stipulate to an investigation with Family Court Services without the explicit permission of the court. The court may permit examination and cross examination of the mediator. Any referral for evaluations and/or limited investigations must be made through Family Court Services;

(b) Whether a referral is to an independent psychologist or psychiatrist for a psychological examination, or to a family court mediator for a limited investigation,

the superior court will appoint an evaluator whose skills, training, and background are best suited to the particular needs of the family;

(c) The minimum standards of qualification for performing such evaluations are possessed by those persons listed below, or a person the court may appoint who has been determined to have the necessary qualifications:

(1) Persons to whom the parties stipulate in writing, subject to court approval;

(2) Family Court Services mediators who meet the minimum statutory requirements for mediators, or are found by the court to possess the necessary training and experience to prepare the report;

(3) Mental health professionals who possess at least the statutory minimum requirements for family court mediators, including completion of mandated domestic violence training.

(d) In all cases to be referred for a custody evaluation, the court will provide three names of qualified therapists to the parties. The clients will pick one name. The court will accept proposals from clients and Family Court Services regarding the names provided. No peremptory challenge will be allowed once the name of the evaluator is so chosen.

(e) If the evaluator is not a Family Court Services' mediator, the evaluator must, upon request, provide a curriculum vitae and a written sample of a custody evaluation representative of their qualifications as an evaluator.

(f) No party, or attorney for a party, shall initiate contact with an evaluator to discuss the merits of the case without notice to the other party and an opportunity to be present; and a copy of any written communication must be served upon the other party or his/her attorney. The evaluator will have the discretion to conduct ex parte communications with either party, witness, attorney, mediator, counselor, therapist, physician, teacher, law enforcement officer, or any other person that the evaluator determines is necessary to complete the evaluation process.

(g) When an evaluator is interviewing children, the evaluator will state to the child, in language appropriate to that child, that the evaluator may need to tell the judge what was discussed during their conversations. Interviews with children should be conducted separately, unless the evaluator determines that it is in a child's best interests that he/she be seen with another sibling present. If a child is present during an interview with a parent (i.e. during a home visit), an opportunity should be made to observe the child(ren) with the other parent as well. Children must not be

interviewed by multiple evaluators for independent or second opinions except as ordered by the court.

(h) An evaluation may not be considered complete if it is based on an interview with only one parent.

(i) When ordering an evaluation, the court will state the date upon which the written or oral report is due. This date may be extended by order of the court or by written agreement of the parties. Dissemination of the report will be determined by the court upon its reception by Family Court Services.

(1) No written report shall be discussed by the parties or counsel with the minor child(ren) at issue.

(2) Absent a court order to the contrary, no person with access to such written report will use the report or information contained therein in any manner outside the custody proceeding for which the report was ordered. A violation of this rule will result in the imposition of monetary sanctions.

(3) If an evaluation is ordered by the court, and if any fees or costs will be charged for the evaluation, the court will make an order allocating the payment of the evaluator's fees and costs between the parties.

(4) All reports to the court will remain confidential, and their duplication and dissemination may be subject to appropriate protective orders as determined by the court. In no event will any such reports be shown to any individual not a party to the proceeding, or their attorneys, except by order of the court. The evaluation report will be placed in the court file in an envelope marked CONFIDENTIAL.

(j) The court will accept written complaints through Family Court Services regarding the custody evaluation. The court will determine whether the complaint is process or content in nature and, if necessary in matters of content (e.g., unfairness, bias, discrimination), will set the matter of a noticed motion to address any allegations.

(k) An evaluator may petition the court to withdraw by addressing the court in written form through Family Court Services with notice to all parties. The court will attempt to resolve the matter to its best ability prior to relieving the evaluator of the case. (1/1/03)

Rule 935 - Custody Orders and Agreements

As allowed by Family Code §3024, all custody agreements and orders must contain language which is in substantial conformity to the following:

“Either parent who plans to change the residence of a child, subject to this agreement or order, for more than 30 days, must notify the other parent of the contemplated move, by mail, return receipt requested, postage prepaid, to the last known address of the parent to be notified. A copy of the notice must also be sent to that parent’s counsel of record. To the extent feasible, the notice must be provided within a minimum of 45 days prior to the proposed change of residence so as to allow time for mediation of a new agreement concerning custody and visitation. Willful failure to comply with this provision will be prima facie evidence of a wrongful taking of the child.” (1/1/03)

Rule 940 - Settlement Conference Statement

All parties and attorneys must attend a mandatory settlement conference prior to trial on a date designated by the court, unless exempted from compliance with this rule. An exemption will be granted only upon a showing of good cause and leave granted by the court. A motion for leave to dispense with any mandatory settlement conference requirement must be filed, calendared, and heard on or before the date of the settlement conference.

At least 5 days before the Settlement Conference, each party must file with the court and serve on the opposing party a Settlement Conference Statement which must contain the following:

- (a) A list of all community assets and encumbrances, including the date of acquisition, purchase price, and present fair market value. If there is a dispute as to whether the asset is in fact community property, a tracing of the funds should be included.
- (b) A list of all property which the party claims is separate property, including the date and method of acquisition. The fair market value of separate assets should also be included.
- (c) Factual data upon which the parties rely in support of (or in opposition to) a claim for child support, and/or spousal support, and attorney fees. Any request for spousal support must be supported by a statement addressing all relevant facts as listed in Family Code §4320.

- (d) Where the parties possess real property, the same must have been appraised before the date of the Settlement Conference and a copy of the appraisal must be attached to the statement.
- (e) Where the furniture has not been divided, a complete inventory of the furniture must be attached along with the appraisal.
- (f) Motor vehicles listed must be accompanied by the Kelly Blue Book valuations.
- (g) When the asset is a pension or retirement plan, unless the parties have agreed regarding the pension division, or anticipate it will be an in-kind division, an appraisal of the same must be attached to the statement; provided however, that if a party is willing to accept the "vested cash value" such party may furnish a certified statement by the holder of the pension giving the "vested cash value" of the pension.
- (h) A list of the community obligations existing at time of separation. If a spouse is claiming credit for payment after separation, an itemized list, with proof of payment, must be attached.
- (i) Any party contending that community property or quasi-community property of the parties should be valued at a date after separation and before the trial must comply strictly with the provisions of Family Code §§2550-2552 with respect to the notice of the other party. Such motion must have been made and heard before the date of the settlement conference.
- (j) A statement that the value of an asset or liability is unknown (absent a showing that a good faith appraisal thereof could not be made), or that a valuation of the asset is not made because a party seeks a sale, a deferred sale of home order, or equal division of the asset, will be deemed a material failure to comply with these rules.
- (k) Where it is urged that the family home be retained pursuant to Family Code §3800, all facts relevant to this issue must be included in the statement. (7/1/97)

Rule 945 - Court's Dismissal Pursuant to Delay Reduction Guidelines

In dissolution of marriage or legal separation matters, the court will issue an order to show cause why the matter should not be dismissed if no judgment has been entered to dispose of all of the issues in dispute within 12 months of the filing of a Petition. The case will be dismissed unless:

- (a) Either party opposes the dismissal and the court determines such opposition to have merit; or

- (b) The court determines the case should remain active.

If the case is not dismissed, the court will set time standards and a further OSC hearing regarding the pending dismissal in order to insure the timely disposition of the case. (7/1/97)

Rule 950 - Entry of Default

Envelopes provided to the superior court clerk for mailing to parties in default in a dissolution matter must contain the return address of the superior court clerk, not the address of the moving party. The Court's address is: Clerk of the Superior Court County Civic Center, Room 201 Visalia, CA 93291, Case No.: _____ (7/1/00)

Rule 951 - Assignment of Matters to the Family Law Commissioner

Family law cases, Uniform Parentage Actions, civil harassment actions, guardianships and domestic violence cases are routinely assigned to the family law commissioner in Department 8. Failure to object to the family law commissioner upon filing of the initial pleading is deemed a stipulation to the family law commissioner hearing the case. If the responding party does not consent to the family law commissioner hearing the case, the responding party must file a written objection within 15 days after service or 48 hours before the scheduled hearing date (whichever provides more notice.) The responding party's failure to file such a timely objection must be deemed a stipulation to the family law commissioner. (7/1/97)

Rule 952 - Parties Not Represented

- (a) Any proposed Marital Settlement Agreement in which only one party has legal counsel should contain language which is in substantial conformity with the following:

"Petitioner/Respondent acknowledges by the initials at the end of this paragraph that she/he has been advised to obtain independent legal counsel, that she/he has voluntarily chosen not to do so, that she/he has read and understands the contents and legal effect of this agreement and has entered into it and signed it freely and voluntarily." (initials of party)

- (b) If an unrepresented party pays a fee for preparation of a document, the document must include the name of the preparer and the capacity of the party for which it was prepared. (i.e. Prepared by ABC Typing Service for Petitioner; Typed by 123 Divorce Service for Respondent; Prepared by XYZ Legal Services, etc.) (7/1/97)

Rule 954 - Early Disposition Conferences

The purpose of an Early Disposition Conference (EDC) is to expedite and simplify family law litigation. Participation in an EDC is not in lieu of a mandatory settlement conference and will not relieve either party of the duty to participate in a regularly scheduled settlement conference. The EDC calendar will be set in the annual General Calendar Order pursuant to Local Rule 300.

EDC's are set on Wednesday afternoons of each week. Parties and counsel must mutually agree on an EDC date and must contact the clerk of Department 8 with the requested date. No EDC will be held without proof of proper filing with the court clerk's office (Room 201.)

No disputed Order After Hearing shall be submitted to the family law commissioner for signing and filing without first participating in an EDC.

Participation by the family law commissioner in the EDC will not preclude the Commissioner from being the trial judge. (7/1/97)

Rule 955 - Procedures for Entry of Judgment and Common Child Support Orders

(a) All judgments must be reviewed by the family court paralegal before they will be accepted for filing by the clerk's office.

(b) Pursuant to Family Code §4062, each parent is responsible for one-half of uninsured medical, dental, orthodontia and vision expenses. The willful failure by a parent to pay his or her portion, resulting in the other party having to file a motion to compel compliance, may result in sanctions.

(c) Each parent is responsible for one-half of the day care costs incurred with a licensed, non-relative day care provider to allow a custodial parent to work. The willful failure to pay the share ordered in a timely manner, necessitating the filing of a motion by the other party, may result in sanctions.

(d) Proof of an underlying child or spousal support order(s) must be submitted with all requested notice to withhold wages. (1/1/03)

Rule 956 - Family and Juvenile Court Management of Child Abuse Cases

[This Rule is repeated in the Juvenile Court Rules as Rule 1161]

It is the policy of the superior court to identify and coordinate custody proceedings involving the same child which may appear in multiple legal settings. It is further the policy of the superior court to coordinate the efforts of the different court systems so that the

child's and family's needs are served and the resources of the family and the court are not wasted. To these ends the superior court and the agencies serving the court must cooperate to increase the exchange of information and to determine the most appropriate forum for the resolution of the issues relating to the child.

- (a) Report Pursuant to Penal Code §11166: If during the pendency of a family law proceeding a child abuse allegation against one of the child's parents comes to the attention of a Family Court Services staff member or other mediator or evaluator, that person must first determine whether the allegation must be reported to a child protection agency pursuant to Penal Code §11166. If that person determines the allegation does not fall within the description of §11166, he/she need not make a report. However, any other person may report the allegation to a child protection agency.
- (b) Child Abuse Investigation: When the Health and Human Services Agency, Child Welfare Services Branch (CWS), receives a report of suspected child abuse during the pendency of a family law proceeding, it must investigate the matter immediately, or within ten (10) days, unless the judicial officer from family court requests an earlier investigation. CWS, and the law enforcement agency having jurisdiction, must coordinate their investigative efforts. If the CWS becomes aware that a family law case is ongoing concerning a child who is the subject of a suspected child abuse investigation, CWS must inform Family Court Services of the pending investigation and any decisions it makes concerning the child abuse investigation. If CWS, or the law enforcement agency having jurisdiction, determines that further investigation is necessary, the agency making that determination must contact the other agency immediately so that all investigative efforts may be coordinated.
- (c) W&I §329 Application: If the CWS decides not to intervene, or fails to report to the reporting party within ten days, any person may apply to the social worker pursuant to W&I §329. In that application the affiant must give notice and identifying information of any pending family law proceeding. A copy of the application must be sent to Family Court Services by the moving party. The social worker must respond to the application as soon as possible, or within three weeks after submission of the application. (W&I §329.) (See Appendix 5 for application and order form)
- (d) Suspension of Family Court Proceedings Pursuant To W&I §300 Petition Filed In Juvenile Court: Upon the filing of a petition pursuant to W&I §300 in the juvenile court, all custody and visitation proceedings in the family court are suspended. The juvenile court clerk will determine whether there is a family law court file concerning the children named in the petition. If there is a family law court file, the juvenile clerk will send a copy of the notice required under W&I §335 to the family law court. Upon receipt of such notice, the family law clerk will place such

notice in the family law file. Thereafter custody and visitation issues will be determined by the juvenile court. The family court will resume jurisdiction over custody and visitation issues only after termination of jurisdiction of the juvenile court. Upon termination of jurisdiction of the juvenile court, the clerk of the juvenile court will lodge a copy of the order terminating jurisdiction and any juvenile court custody order in the family court file.

(e) Review of Dependency Decision: If CWS decides to initiate dependency proceedings after reviewing the application under W&I §329, any person may apply to the juvenile court to review that decision pursuant to W&I §331. The application for court review must include a copy of the application made pursuant to W&I §329. The juvenile court will rule on the application as soon as possible, and in no event later than thirty days after receipt of the application.

(f) If, during the CWS worker's investigation, one or both parents reach an informal supervision agreement pursuant to W&I §331, a copy of that agreement must be sent immediately to CWS, to Family Court Services, to family court, and to each parent.

(g) Family Code §3150 Appointment of Counsel: During family court proceedings in which allegations of child abuse have been made, the family court judge may appoint counsel for the child (Family Code §3150) to protect the child's interests and/or to expedite the policy stated herein and carry out the terms of this protocol.

(h) Coordination of Cases: At any time during the process described herein, the supervising judges and bench officers of the family and juvenile courts are encouraged to discuss, generally, problems relating to the coordination of cases involving child abuse allegations. Nothing in this section will be construed to permit judicial officers to discuss the specific facts of any certain case. (7/1/00)

CHAPTER 10 - PROBATE AND GUARDIANSHIP MATTERS

Rule 1000 - Calendar and Procedural Matters

(a) Probate Calendar - All probate matters and adoptions will be assigned as set forth in the annual order of the court pursuant to Local Rule 300. Conservatorships under the Lanterman-Petris-Short Act (hereinafter "LPS"- Welfare & Institutions Code section 5150 et. seq.) will be set only on Tuesdays, and Adoption proceedings only on Fridays.

(b) Filing Deadlines - All required moving pleadings in probate matters must be filed with the superior court clerk at least 15 days prior to the hearing date. All Probate Code, and court ordered due dates for filing, will be strictly observed (e.g., inventories, accountings, status reports and receipts on blocked accounts). Failure to comply with statutory or court requirements may result in imposition of surcharges, or other sanctions, absent a showing of good cause.

(c) Filing of Documents and Proposed Orders - All probate documents must be captioned as required by California Rules of Court Rule 201, and other applicable codes, except the hearing date and time must be all in upper case.

(1) Supporting Papers - Supporting papers not filed with the moving papers must be filed at least seven days in advance of the scheduled hearing date. Proofs of publication may be filed within two days of the scheduled hearing date.

(2) Orders - Except in the case of confirmation of sales and contested matters, proposed orders should be submitted to the probate clerk at least five days in advance of the scheduled hearing date.

(3) Continuance on Untimely Filing - For failure to file supporting papers or other documents necessary to allow the court to rule on the particular matter, the court will automatically continue the matter for two weeks, absent a showing of good cause for such failure.

(4) Duties and Liabilities of Personal Representative - As authorized by Probate Code §8404(b), these rules require the personal representative's birth date and driver's license number on the Acknowledgment of Receipt of the Statement of Duties and Liabilities of Personal Representative.

(5) Inventory Form - All inventory and appraisals must be filed with the Judicial Council form caption page printed on pink paper and attachments on white paper.

(d) Disposition Requirements - In probate matters involving a decedent's estate where a personal representative has been appointed, the court will issue an Order to Show Cause (OSC) regarding the status of the case if a Judgment of Final Distribution, or a Report of Status of Administration, has not been filed within 12 months after probate letters issued in cases where a federal estate tax return is not required. In an estate for which a federal estate tax is required, the Judgment of Final Distribution or Report of Status of Administration is to be filed within 18 months from the issuance of letters. At the OSC hearing, the court will establish appropriate time limits to accomplish a prompt disposition of the matter.

(e) Special Notice Situations

(1) Special Letters - Except in unusual cases, a party seeking special letters of administration, or temporary letters of guardianship or conservatorship, must give notice of the application to the surviving spouse, proposed ward or conservatee, other persons who seek or might be expected to seek letters, and any other person who appears to be equitably entitled to notice. This notice must be given as required for other ex parte orders. (See Local Rule 1015)

(2) Publication of Notice of Death - The published notice of death is sufficient to include only those instruments which are offered for probate and specifically referred to in the petition for which the notice is given. Any other Will or Codicil not specifically mentioned in such petition must be presented to the court in an amended petition or a second petition, and notice of that hearing must also be published.

(3) Mailing of Notice of Administration/Notice to Creditors - Notice to known creditors, apart from that published as otherwise prescribed by law, is required under Probate Code §9050, and proof of said mailing must be filed with the court prior to the filing of any petition for final distribution. "Notice to Creditors" is a Judicial Council form bearing a proof of service on the reverse for completion and filing with the court. (7/1/97)

Rule 1001 - Hearing Procedures

(a) Approval of Matters without Hearing - If, after reviewing the file, a matter is unopposed and approved by the court or approved by the court with modification accepted by counsel, no appearance of counsel will be necessary on the hearing date. If, at the time set for hearing on any such pre-approved matter, any opposition to requested relief is offered, the matter will automatically be continued two weeks and written notice will be given by the clerk to petitioner's counsel of record, unless otherwise directed by the court.

If the court refuses to approve the request without hearing due to the petitioner's failure to satisfy statutory or local rules requirements, the matter will be continued for two weeks, absent a showing of good cause.

Pre-approved matters will be posted on the court's website at www.tularesuperiorcourt.ca.gov, and the appropriate links for the probate department, the day before each hearing date.

(b) Appearance Requirements - The following matters require appearance of counsel or parties at the hearing, unless otherwise notified by the court:

- (1) Applications for appointment of guardian or conservator;
- (2) Termination of guardianship or conservatorship, other than by death of conservatee or minor, or minor obtaining majority;
- (3) Confirmation of sale of real or personal property; and,
- (4) All contested matters.

(c) Continuances - Continuances requested by counsel may be made only in court, or through the probate judge's clerk. A continuance will not be granted if there is opposing counsel unless a request is made in open court, or by written stipulation of all counsel, to a date arranged by the probate clerk. If the matter has been specially set, it may not be continued without the written stipulation of all counsel and the approval of the court scheduled to hear the matter. Any matter assigned to or set on the Short Cause Calendar, or the Master Trial Calendar, will be governed by the superior court rules applicable to those calendars. Absent a showing of good cause, no more than three continuances will be granted before the matter is dropped from the calendar.

If a petition for probate of a will is called for a hearing, and an attorney or party appears and orally objects, the court will continue the hearing for a reasonable length of time, not exceeding four weeks, if the party objecting declares that a written contest will be filed. If such written contest is not actually filed prior to the continued date, the hearing will proceed as if no objection had been made. (7/1/00)

Rule 1002 - Contested Matters

(a) Meet and confer requirement - If any probate petition is contested or opposed, the parties or attorneys must make a reasonable and good faith attempt to informally resolve the controversy, at a face-to-face conference, before any hearing of the contested petition. If there is no resolution, each party must file a Statement of Issues

identifying every unresolved issue with references to any supporting evidence and memorandum of points and authorities on file, and an estimate of the time required for the hearing. Each party must also prepare and file, by declaration, an offer of proof listing the witnesses to be called and the nature and the general subject matter of their testimony. At least two court days before the hearing date, each party must either 1) notify the calendar clerk in the court administrator's office that the controversy has been resolved, or 2) file and serve the Statement of Issues. This rule will not apply to contested LPS conservatorship matters not involving jury trials and for which estimated time for hearing is 30 minutes or less.

(b) Transfer to Trial Calendar - If the hearing on a contested matter is estimated to be 20 minutes or less, the hearing will usually be held before the probate judge on the regular probate calendar. If a hearing on a contested matter is estimated to be more than 20 minutes, and counsel appear at the probate calendar, the matter will be transferred to the Short Cause Calendar provided that the estimated hearing time is one day or less. If the hearing on a contested matter is estimated to exceed one day, or a jury trial is demanded and counsel appear at the probate calendar, the matter will be transferred to the court administrator for selection of a trial date.

(c) Objections - Any opponent to a petition, accounting, or other matter scheduled for hearing, except contested L.P.S. conservatorship petitions, must file verified, written objections stating the grounds for such objections prior to the hearing. Notice of any opposition and/or any intention to appear must be given to the attorney for Petitioner at least two court days before the scheduled hearing date, unless good cause is shown. (7/1/00)

Rule 1003 - Ex Parte Matters

Ex parte petitions will be heard in the probate department on any court day, subject to the probate judge's availability. In his absence, ex parte matters will be heard by the presiding judge or his designee. Appointments must be made with the clerk of the court before which the ex parte matter will be heard. No application for an ex parte order, or a temporary restraining order which has previously been rejected by a judge of this court, shall be presented to any other judge of this court without the judge to whom it is being presented being expressly informed of the circumstances of the previous application and the reasons for its denial.

(a) Contents of Petition - All petitions for ex parte order must be verified and must contain sufficient evidentiary facts to justify issuing the order. Conclusions or statements of ultimate facts are not sufficient, and a foundation must be shown for the petitioner's personal knowledge.

(b) Special Notice Allegation - All petitions for ex parte orders must contain a statement on special notices. The statement must either recite that no request for special notice is on file and in effect, or must list the parties requesting special notice, and have attached the specific waivers of notice by such parties or proof of service on such parties.

(c) Notice to Counsel or Opposing Party - Where the emergency nature of the application is apparent and the court elects to consider the matter ex parte, but the need for an opportunity to be heard is also apparent, moving counsel must give at least six business-hours notice of the nature of the application and the time and place of the hearing to counsel for other interested parties or to unrepresented interested parties. Before the court will proceed with the hearing, moving counsel must submit a declaration to the court factually setting forth efforts to give such notice, or facts supporting the conclusion that it was impossible to give such notice.

(d) Separate Order Must Accompany Petition - Except where a Judicial Council form is used, a petition for an ex parte order must be accompanied by a separate order complete in itself. It is not sufficient for such order to merely provide that the application has been granted, or that the sale of property or security set forth in the petition has been approved.

(e) Sale of Personal Property: Ex parte petitions for approval of sale of depreciating or perishable personal property pursuant to Probate Code §10000 et seq. must set forth the appraised value of such property. Ex parte petitions for the sale of securities must set forth the established stock or bond exchange applicable to the sale, or if there is no such exchange, then the amount of the minimum sales price must be stated. (7/1/00)

Rule 1004 - Probate Referee Procedures

(a) Appointment of Probate Referee - Applications for appointment of a probate referee may be filed with original petitions or moving papers. If a referee is not appointed on the order for probate, an original and one copy of an application for appointment of a referee must be filed with the clerk. Such application should not be made earlier than the time at which the order of appointment of executor, administrator, guardian or conservator is submitted.

(b) Submission of Inventory - All inventories and appraisals for sales (whether initial or subsequent) must be submitted to the appointed referee at least three weeks prior to any court appearance involving a sale or distribution of any assets contained in such inventory and appraisal.

(c) Statement Regarding Bond - Items "5" through "8" of the inventory and appraisal must be fully completed as to the particulars of the bond, or assurance to the estate, in all matters requiring the filing of an inventory and appraisal except for Spousal Property Petitions and Summary Administration proceedings under Probate Code §13100 et seq.

(d) Property Tax Certification - Pursuant to the requirements of Probate Code §8800, a form for filing the notice of changed ownership is provided in Appendix 9. (7/1/97)

Rule 1005 - Accountings and Final Distributions

(a) General Requirements - The format for all accountings filed in probate proceedings, including guardianship, conservatorship, decedent's estates and trust accounts, must be in conformance with the Probate Code §10900 et seq., and the materials set forth in the following Continuing Education of the Bar publications: California Decedent Estates Practices, California Conservatorships, and California Trust Administration. All accountings must set forth the beginning and ending dates of the accounting period, must contain a summary or recapitulation of all charges and credits to the fiduciary, and be presented in a standard financial statement format titled, "Summary of Account," as illustrated below. The Summary of Account must be included in the body of the petition, or incorporated by reference, and charges and credits must balance.

SUMMARY OF ACCOUNT
For Period (date) to (date)

CHARGES

Value of property in all inventories, or of property on hand from prior account if a subsequent accounting	\$ _____
Cash receipts, excluding property listed in an inventory (Schedule A)	_____
Gains on sales (Schedule B)	_____
Other acquisitions of property (Schedule C)	_____
TOTAL CHARGES	\$ _____

CREDITS

Cash Disbursements (Schedule D)	\$ _____
Losses on sales (Schedule E)	_____
Other dispositions of property (Schedule F)	_____
Property on hand (Schedule G or exhibit)	_____
TOTAL CREDITS	\$ _____

(b) Account Schedules - The Account Summary must be supported by detailed schedules with the totals agreeing with the amounts listed on the summary schedule. The schedules of receipts and disbursements must show the date, purpose, source of the funds received or to whom money was disbursed, the description of each item (e.g. dividend, interest, creditor's claim) and the amounts thereof. The schedule of property on hand must describe each item and show the inventory value (or balance thereof, if a portion has been sold or otherwise disposed of, or promissory note balance reduced), not the current market value.

(c) Debts and Obligations - The accounting must include a schedule of outstanding obligations including all debts, known or contingent claims, estimated additional administration and closing expenses, fiduciary compensation and attorney fees. In listing debts, information must be provided as to the payment terms, interest rate, due date, and security, if any, when necessary to understand or evaluate the actions taken or proposed by the party filing the accounting.

(d) Promissory Notes - When accounting for payments on promissory notes, the accounting must clearly identify and differentiate all principal and any interest income payments received as well as the principal amount owing at the end of the accounting period.

(e) Summary of Income - A report of income receipts, income disbursements, income distribution and income balance must be included in the accounting as a Summary of Income if 1) a personal representative of a decedent's estate will make a distribution to a trust, 2) a trustee is making an accounting, or 3) a will provides for disposition of income that is different from the disposition of the underlying assets. The separate Summary of Income can be dispensed with if it is shown, to the satisfaction of the court, that such an accounting is not needed for purposes such as the determination of the tax liability of the trust, the estate, or beneficiaries, or for the determination of the amount of a distribution.

(f) Supplemental and Amended Accounts - A supplemental accounting in a decedent's estate must include only receipts and disbursements occurring since the ending date of the last filed accounting. A supplemental account is not to be used to amend or correct the last filed account. An "amended accounting" must be filed to change the last accounting filed. Any supplemental or amended accounting must be noticed for hearing, unless the court by order dispenses with notice.

(g) Waiver of Accounting - Even though an accounting has been waived, the report that is made in lieu thereof must state how much is to be paid to the attorney and the representative and set forth the manner in which such compensation is calculated. The report must also clearly identify the assets in the estate on hand at the end of the accounting period. Waivers of Accounting on Final Distribution must comply with Probate Code §10954. Applications for Waiver of Accounting must be included in the caption of the Petition and in the Notice of Hearing.

(h) Preliminary and/or Final Distribution Requests - In any request for distribution, sufficient facts must be set forth as to known creditor's claims, contingent claims, administration expenses, taxes, projected fees and commissions, and other necessary information, in order for the court to determine that the estate is solvent and that the distribution may be made as prayed. It is not sufficient to merely state that all claims have been paid. The claims presented must be listed, showing the claimant, the amount claimed, and the disposition of each claim. If any claim has been rejected, the date of service of the notice of rejection of the claim must be stated. The allegations regarding disposition of all claims must appear in the petition for final distribution even though such allegations may have appeared in whole or in part in prior petitions. A request for preliminary distribution must also indicate why the estate is not in a condition to be closed.

(i) Distribution Petitions and Orders - A petition for distribution must describe in detail all property to be distributed either in the body of the petition, in the prayer, or by an Account Summary incorporated in the petition by reference. An order of distribution must be drafted so that it is complete without reference to the petition, and without reference to any documents which are not part of the order. Complete legal descriptions of all assets and the full names of all distributees must be set forth in the order. (7/1/97)

Rule 1006 - Family Allowance

Before an inventory is filed, the court may order a family allowance as provided in Probate Code §§6540, 6541, and 6542. If a petition for a family allowance order is filed more than six months after the personal representative has been appointed, or after the inventory has been filed, or is a petition for a second or increased allowance, it must be noticed and placed on the calendar. Such orders will be limited to a definite period, usually

not to exceed 12 months. It is the court's policy not to make orders for family allowance for an unlimited period.

If any estate is being administered under the Independent Administration of Estates Act, the personal representative may pay a family allowance without prior court order by following the Notice of Proposed Action procedure as set forth in the Probate Code. (7/1/97)

Rule 1007 - Guardianships

By separate order, this court has adopted the "Tulare County Guardianship Procedures" which set forth the procedures that must be followed in the appointment and administration of guardians of the person and guardians of the estate. By reference, these procedures, and any subsequent modification thereof, are made a part of these Local Rules. The Tulare County Guardianship Procedures and all necessary forms are available at the superior court clerk's office, Room 201, Tulare County Courthouse in Visalia. (7/1/00)

Rule 1008 - Procedures for Temporary and General Probate Conservatorships

All persons petitioning the court for a general conservatorship must do the following:

(a) File the petition and all supporting documents, and at least one additional copy, with the Clerk of the Court, room 201. A signed Order by the court appointing the court investigator and an Order appointing counsel for the conservatee, if requesting dementia powers, must be submitted with the petition (this can be obtained by an ex-parte hearing pursuant to CRC 379). If dementia powers are requested and the proposed conservatee qualifies for the services of the Public Defender, the order appointing counsel may provide for appointment of the Public Defender. If the order appointing counsel provides for the appointment of the Public Defender, the petitioner must prepare one additional copy of the petition and all supporting documents for the Public Defender. In all other cases where dementia powers are requested, private counsel must be appointed.

(b) Obtain a hearing date upon filing of all the necessary documents. No hearing date will be issued without an Order appointing the court investigator and an order appointing counsel for the conservatee, if appropriate. (1/1/03)

Rule 1009 - Orientation Program

No order appointing a permanent conservator, except the Public Guardian and previously qualified private professional conservators, will be issued before the petitioner has signed and filed with the clerk all of the following:

- (1) Petitioner's receipt of the Judicial Council Form of Duties of Conservators;
- (2) Petitioner's receipt of a copy of the Statement of Duties of Conservator and the Handbook for Conservator. [The Handbook for Conservator is available for sale in the clerk's office, room 201 of the Visalia Superior Court, at the price of \$25.00. The Handbook must be purchased prior to the orientation and brought to the orientation.]; and
- (3) Petitioner's Certificate of Attendance at the Orientation Program for Proposed Conservators. The Orientation Program includes: (A) Viewing the video "With Heart: Understanding Conservatorship," (B) A review of selected portions of The Handbook for Conservator.
 - (a) The Certificate of Attendance to the Orientation Program for Proposed Conservators must be filed at the clerk's office no later than five court days before the scheduled hearing on the petition for appointment of a general conservator. Failure to meet this requirement will result in the petition for appointment being taken off calendar.
 - (b) If a temporary conservator fails to attend the Orientation Program for proposed Conservators, the temporary conservator and counsel must attend the hearing on the petition for appointment of general conservator. The orders for appointing the temporary conservatorship may be immediately suspended or terminated unless good cause can be shown as to why the temporary conservator failed to comply with this rule.
 - (c) Attendance at the hearing for the petition for general conservatorship is not required providing the Orientation Program has been completed and all the necessary documents have been completed and filed. (1/1/03)

Rule 1010 - Ex Parte Motions for Temporary Conservatorships

All persons seeking temporary appointment as a probate conservator must complete the following:

- (a) Set an appointment with the clerk of the judge acting as the probate judge at least 24 hours prior to the hearing.
- (b) Comply with all statutory notice requirements.
- (c) File the petition for temporary conservatorship and general conservatorship and all supporting documents.

(d) Secure a hearing date, from the clerk's office, room 201, for the petition to appoint probate conservator and enter the hearing date on the proposed temporary order as the date for expiration of the temporary orders.

(e) Deliver to the Document Examiner (room 203), at least 24 hours prior the hearing, the following:

(1) The Petition for Appointment of Probate Conservator;

(2) All supporting documents (capacity declaration, confidential supplemental, etc.);

(3) A copy of the Order appointing the court investigator;

(4) A copy of the Order appointing counsel for the conservatee, if dementia powers are requested;

(5) The proposed temporary order; and

(6) The proposed order appointing conservator.

(f) No temporary orders appointing conservator will be signed by the court without prior review by the document examiner.

(g) Present the petition, supporting documents, proposed order and document examiner's comment slip to the court. The comment slip will be faxed to the attorney several hours prior to the hearing.

(h) Once a hearing date has been issued on the petition for general conservatorship, it may not be removed from the calendar except by written stipulation and order of the court. (1/1/03)

Rule 1011 - Providing Information

All proposed conservators, except the Public Guardian and previously qualified private professional conservators, must complete and file, with the petition for temporary and general conservatorship, a Conservatorship Questionnaire utilizing the form provided by the court (available in room 201 of the Visalia courthouse) and signed under penalty of perjury. All proposed conservators filing initial petitions for probate conservator, except the Public Guardian and any previously qualified private professional conservators, must provide the appropriate information for, and be subject to, a records check. (1/1/03)

Rule 1012 - Out of State Conservators

Generally, no out of state conservator will be appointed unless good cause is shown.
(1/1/03)

Rule 1013 - Care Plans

All conservators must file a care plan prior to issuance of general letters.

(a) An original and one copy of the care plans must be filed at the clerk's office at least 5 court days prior to the hearing date for the general conservatorship.

(b) The copy of the care plan filed at the clerk's office must be placed in the court investigator's box at the clerk's office on the day of filing.

(c) Care plans must be approved by the court prior to issuance of general letters.

(d) The care plan must include the frequency of visitation to the conservatee by the conservator.

(e) The court expects a conservator to visit a conservatee with sufficient frequency to assure that the conservatee's needs are being met. The frequency of visitation will vary depending on the conservatee's living situation and needs. The following guidelines for visitation are to be observed:

(1) If a conservatee is living in a state developmental center, skilled nursing facility, sub-acute hospital, or hospital setting, the court expects the conservator to visit at least once per month.

(2) If the conservatee is living in a board and care facility, private residence, or has another living arrangement, the court expects the conservator to visit at least twice per month.

(3) All plans for visitation should include an explanation of why the proposed frequency of visitation is appropriate.

(f) In cases where care plans are not approved by the court, the court will calendar the case for hearing and the conservator and/or his representative must appear in court to discuss the changes necessary to gain court approval of the care plan.

(g) All care plans must be updated and filed at least 5 court days prior to the hearing of the annual or biennial review under Probate Code section 1851. (1/1/03)

Rule 1014 - Independent Exercise of Powers

The conservator or guardian has broad powers to act for the conservatee's or ward's benefit under Probate Code §§2400 through 2586. If necessity requires a grant of independent powers under Probate Code §§2590 through 2595, the court will generally limit such grant to specific factual situations. The following rules will apply to all cases involving such independent powers:

- (a) Temporary Conservatorship/Guardianship - Independent powers will be granted in a temporary conservatorship or guardianship only in unusual situations upon a showing of good cause.
- (b) Factual Showing - The court will require a factual showing, by verified petition, affidavit or declaration, that 1) the power requested is needed to administer the estate or protect the conservatee and 2) the granting of such power would be to the advantage, benefit, and in the best interests of the estate and the conservatee.
- (c) Specific Enumeration of Powers - Each power must be described in detail by quoting the specific language of the subsection enumerating the requested power. It is not sufficient to incorporate by reference Probate Code §2591 in the petition.
- (d) Real Property Description - Where the power to sell real property is requested, and the property which may be sold includes the conservatee's home or former home, this fact must be specifically disclosed to the court in the petition.
- (e) Court Confirmation of Real Property Sales - Where the power to sell real property is granted, the court will require the sale to be returned to the court for confirmation. This requirement may be waived by the court upon showing of good cause.
- (f) Enumerated Special Powers in Order and Letters - Any special powers granted must be specifically set forth in the Order and the Letters of Guardianship or Conservatorship (Probate Code §2594). (7/1/97)

Rule 1015 - Surety Bonds

A minimum bond of \$10,000 will be required in all conservatorships of the estate. The court must make a finding of good cause for the bond to be waived. (1/1/03)

Rule 1016 - Sanctions

Sanctions or surcharges may be imposed by the court for incorrect or incomplete filing of probate conservatorship documents. (1/1/03)

Rule 1017 - Termination

- (a) When a petition seeks termination of a conservatorship for a reason other than the death of the conservatee, the court will ordinarily require the appearance of the conservatee at the hearing on the petition. A copy of such petition must be lodged with the court investigator's office (room 203) on the date of filing.
- (b) Within 30 days of the death of the conservatee, the conservator must notify the court (the clerk's office receives a certified death certificate) and the investigator's office in writing of the date of death, signed by the conservator and the conservator's attorney of record, if any. (1/1/03)

Rule 1018 - Accountings for Conservatorships and Guardianships

Accountings of conservators and guardians must follow the format prescribed in these rules for decedents' estates and in Probate Code §2620. Reports of conservators and guardians must contain the current address and phone number of the conservatee or ward, as well as of the conservator or guardian. Any change of address should also be noted in the petition, or in any separate pleading, at the time the change is made.

- (a) Adequacy of Bond - Reports of conservators and guardians must state the amount of the current bond (or bonds in the event two or more bonds are on file) and state whether any additional bonds are necessary to protect unblocked personal property plus one year's estimated income. Each report should also show any blocked bank accounts or assets impounded with a depository. Any significant changes in the value of assets should be reported, together with the effect on the adequacy of the bond. The conservator must consider the possible need for reappraisal and inform the court of any such need.
- (b) Accounting Deadlines - An accounting must be filed within 60 days of the date required under Probate Code §2620. If an accounting is not filed as required, the court investigator must send one notice by mail of the required accounting. If 60 additional days pass without the filing of an account, the court will issue and serve an Order to Show Cause why the accounting has not been filed.
- (c) Waiver of Accountings - Except as expressly provided in the Probate Code, the probate court will not approve any request or petition for waiver of any accounting or of a final accounting upon the death of the conservatee or minor. Waiver of final guardianship accountings on termination (Probate Code §2627) are not encouraged, and the court may require the ward to be present at the hearing. An accounting waiver in conservatorships and guardianships may be approved for small estates in the court's discretion under the provisions of Probate Code §2628, provided that 1)

such waiver was previously approved in an initial filing; or 2) a verified petition in support of the waiver is filed and noticed for hearing. (7/1/97)

Rule 1019 - Conflict of Interest

Attorneys who are appointed by the court to represent conservatees or proposed conservatees, pursuant to sections 1470 and 1471 of the Probate Code, are deemed to stipulate to the court, by accepting such appointment, that they will not subsequently represent the conservator in the same conservatorship. (1/1/03)

Rule 1020 - Final Distribution in Conservatorships and Guardianships

(a) Death of Conservatee or Ward - A petition for final distribution upon the death of a conservatee or ward will be approved only after appointment of a personal representative of the conservatee's or ward's estate, or under other provisions for disposition pursuant to the Probate Code, (i.e. small estate under §2631(b).) The petition must identify the personal representative and the court and case number of the probate proceeding for the decedent. If disposition of assets under Probate Code §2631 is requested, the petition must contain factual statements required under that section and under the applicable chapter of Division 8 of the Probate Code (commencing at §13000.)

(b) Investigator's Assessment on Final Accounting - Prior to the filing of a Petition for Termination of a conservatorship, counsel must determine the court investigator's assessment for services rendered to the conservatorship estate. A request to pay the assessment and its amount must be included in the petition, the final accounting, and the order thereon. Upon filing the petition, notice must be given to the court investigator. (7/1/97)

Rule 1021 - Limited Conservatorships

The involvement of a developmentally disabled conservatee must be clearly set forth in all conservatorship and guardianship petitions and accountings. Any conservatorship proceeding requiring a Regional Center report must be set at least 30 days after mailing notice of the proceeding to the Regional Center, to allow the Regional Center report to be filed prior to the hearing. The form attached as Appendix 7 may be photocopied and utilized to facilitate ordering the Regional Center report and appointment of the Public Defender to represent the conservatee.

(a) Review of General Conservatorships - In existing general conservatorships involving a developmentally disabled conservatee, the court may direct that a new petition for conservatorship be filed under the limited conservatorship code provisions.

(b) Accountings - Any accounting required in LPS or limited conservatorship matters must comply with the accounting requirements in other Tulare County conservatorship estate matters unless otherwise directed by the department designated to hear the LPS calendar. A copy of limited conservatorship accountings (but not LPS accountings) must be furnished to the office of the court investigator at the date of filing.

(c) Closed Status Reports - Reports by a Regional Center and the court investigator, and other documents or materials containing sensitive information filed in LPS and limited conservatorship hearings, must be maintained in a confidential status in the case file with disclosure only to those persons authorized to receive such reports, as specified under Probate Code, Section 1827.5, or to authorized persons pursuant to court order. (7/1/00)

Rule 1022 - Lanterman-Petris-Short Act (LPS) Conservatorships (Welfare & Institutions Code section 5150. et. seq.)

(a) A copy of the individualized treatment plan required by section 5352.6 of the Welfare and Institutions Code (W&I) must be filed with the court within the time specified in that code section (within 10 days of the establishment of the conservatorship). At the time of the establishment of the conservatorship, the court will set a review hearing within 20 days thereafter to review the amendments to the proposed treatment and service plan. Any party who objects to the plan as filed, may, after attempting to resolve the matter informally, calendar the case for a hearing on the individualized treatment plan.

(b) The individualized treatment plan must fully comply with W&I 5352.6, and particularly in the following respects: (a) the person responsible for developing the treatment plan must encourage the participation of the conservatee and the conservatee's family members, when appropriate, in the development, implementation, revision and review of the treatment plan; (b) the plan must specify goals for the individual's treatment, the criteria by which accomplishment of the goals can be judged, and a plan for review of the progress of the treatment; and (c) the goals of the treatment plan must be the equivalent of goals to reduce or eliminate the behavioral manifestations of grave disability. All of the foregoing must be evidenced on the face of, or by attachment to, the plan.

In connection with the plan for review of the progress of the treatment, an individualized treatment plan must specify: (a) the planned frequency of review of the conservatee's progress under the plan, including review of the use of prescribed medication and its effects on the conservatee, and by what professional persons such review must be undertaken; and (b) the planned frequency of physical contact with and observation of the conservatee in placement by the conservator.

Each individualized treatment plan must be approved by a professional person who has knowledge, training, professional qualifications and skill necessary to make the determinations mandated by W&I §5352.6. The professional qualifications must be evidenced by a specific recitation thereof attached to the plan.

Each individualized treatment plan must be subscribed by the approving professional person under penalty of perjury attesting that: (a) the professional person approving the plan has read the plan; (b) the professional person approving the plan has reviewed the medical/psychiatric/social history of the conservatee; and (c) the treatment plan is medically and psychiatrically appropriate to the conservatee's needs and history.

(c) The court will set for hearing and review the progress of LPS conservatee and the conservator in implementing the treatment plan and the conservatee's progress in treatment. This must be set forth in a written report to be filed with the court at least two weeks prior to the hearing with copies to be furnished to counsel for the conservator, the conservatee, and the county patients' rights advocate. Such report must be reviewed with the conservatee. The conservatee's response to such review, and any request for amendment to the treatment plan, must be reported to the court. The written review report must also incorporate the views of any family members interested in the conservatee's welfare as to whether the treatment services specified in the plan have in fact been provided and whether progress has been made in achieving the treatment plan goals.

Notice of such hearing must be given to the conservatee, conservatee's counsel, and interested relatives who must be advised of their right to be personally present at such hearing. The conservator must provide for the conservatee's personal presence at the review hearing unless personally waived in writing by the conservatee and the conservatee's counsel, and approved by the court.

(d) The individualized treatment plan filed with the court must also be provided to counsel for the conservatee, the conservatee, and the county patients' rights advocate, and must contain proof that they have been so provided. All treatment plans and review reports must prominently advise the conservatee of the name, address, telephone and fax number to the patient's rights advocate. If the patient's rights advocate has provided services to the conservatee, the conservatee's request to the advocate and the services provided must be set forth in the review report. (7/1/00)

The following procedures are intended to implement the requirements of Riese v. St. Mary's Hospital (1987) 209 Cal.App.3d 1303, and Welfare & Institutions Code sections 5332 et seq. They apply to patients, both adults and minors, who are being treated in public or private hospitals, and are being detained pursuant to W&I §5150 (72-hour hold), §5250 (14-day hold), §5260, §5270.15 (30-day hold), §5350, or §5353 et seq. (Temporary Conservatorship). In those cases in which a Temporary Conservator has been given authority

to consent to medication, a review of that grant of authority may be made under these procedures or through a Writ of Habeas Corpus. (11/08/01)

Rule 1044 - Petition

When the treating physician has determined that treatment of the patient's condition requires the administration of anti-psychotic medication and the patient has refused to consent to the medication, the treating physician may petition the court for a legal determination as to whether the patient is capable of giving or withholding informed consent. (11/08/01)

Rule 1045 - Documents

To obtain determination of the patient's capacity to give or withhold informed consent to treatment by anti-psychotic medication, the treating physician must complete, sign and date the "Petition of Treating Physician Regarding Capacity to Consent or Refuse Anti-psychotic Medication." The petition must include a section called "Treating Physician's Declaration Regarding Capacity To Consent To Or Refuse Anti-psychotic Medication." These forms must be delivered to, or faxed to the mental health desk, in order to calendar a hearing. A patient may waive his or her right to Counsel. The hearing officer will take a written waiver (see Exhibit 5, Mandatory Court Form) or the Court may take the waiver on the record. (11/08/01)

Rule 1046 - Calendaring Hearings

It is assumed that time is of the essence in each Riese hearing. The physician or treating facility must deliver or fax the forms to the mental health desk, Superior Court in order to calendar a hearing. The mental health desk will calendar all hearings upon receipt of the requisite forms. Whenever possible, the hearing will be set within two court days. Notice is to be given to the approved hearing officer by the mental health desk. The physician or treating facility must notify Counsel for the facility of the need for an interpreter when one is needed at the hearing. (*Riese v. St. Mary's Hospital & Medical Center* (1987) 209 Cal. App. 3d 1303). (11/08/01)

If the patient consents to the administration of anti-psychotic medication prior to the hearing, it will be the responsibility of the patient's attorney, or the patient rights advocate, to notify the mental health hearing officer promptly so the hearing may be canceled and unnecessary travel and expense may be avoided. (11/08/01)

In any event the hearing will be held as close to that facility as is practicable under the circumstances. (11/08/01)

Rule 1052 - Burden

The burden must be on the physician or treating facility to establish by clear and convincing evidence that the patient is incapable of giving or withholding informed consent to the administration of anti-psychotic medication. (*Riese v. St. Mary's Hospital & Medical Center* (1987) 209 Cal. App. 3d 1303). (11/08/01)

Rule 1053 - Determination of Capacity

In determining the patient's capacity to give or withhold informed consent, the judge or hearing officer will consider (1) whether the patient is aware of their mental condition, (2) whether the patient has been informed of and is able to understand the benefits and the risks of, as well as the alternatives to, the proposed medication and (3) whether the patient is able to understand and to knowingly and intelligently evaluate the information required to be

given patients whose informed consent is sought (Welfare & Institutions Code, § 5326.2) and otherwise participate in the treatment decision by means of rational thought processes. Documentation by the hearing officer will be made on the “Medication Capacity Hearing Record”, Exhibit 4, Mandatory Court Form.

Documentation by the court will be made on the form “Orders After Hearing,” see Exhibit 1-B, Mandatory Court Form. (11/08/01)

Rule 1054 - Patient Presence

Hearings will be conducted within 2 days of the filing of the Appeal.

- Petitions filed on Mondays and Tuesdays will be heard on Wednesdays.
- Petitions filed on Wednesdays and Thursdays will be heard on Fridays.
- Petitions filed on Fridays will be heard on Mondays. (11/08/01)

Rule 1060 - Compensation of Fiduciaries and Attorneys

Other than statutory fees and commissions in decedent estate proceedings, the Probate Code provides generally that fees, commissions and compensation to fiduciaries and their attorney must be "just and reasonable" in amount. The court will make a determination of what is just and reasonable based on the information supplied to the court in the petition requesting allowance of fees or commissions. The petition must be properly captioned, including a reference to the fee request, and must include an explanation of how the fees or commissions were calculated. Information must be provided in detailed, but brief and organized form, including 1) date(s) of service, 2) nature of service rendered, 3) hours, and fractions of hours, of service rendered, 4) identity of person rendering services, and 5) the hourly rate charged for each person rendering services. Copies of a computerized billing statement will not fulfill the requirements hereunder unless such statement contains all such information and is legible. The office of the Public Guardian may, as an alternative to compliance with this rule, submit flat fee charges for services provided by County Counsel based on a fee schedule submitted to, and approved by, the probate judge on July 1 of each year.

(a) Compliance - All requests for fees and commissions in decedents' estates, guardianship, conservatorship, and trust proceedings must be submitted in strict compliance with these rules. Requests which do not comply will be automatically continued one time for a minimum period of two weeks to permit the filing of supplemental or amended pleadings. **CAUTION:** Oral testimony or representations will not be accepted on uncontested fee matters, except as may be allowed by the court upon showing of good cause.

(b) Payment of Fees by Assignment of Property - Petitions for assignment of property to fiduciaries or their attorneys in place of fees or commissions will not ordinarily be approved.

(c) Paralegal Compensation - Compensation for services performed by a paralegal under an attorney's direction and supervision may be allowed by the court in appropriate cases. No paralegal compensation will be paid from a decedent's guardianship, or conservatorship estate without prior court approval. Any petition requesting allowance of paralegal compensation must set forth the hours expended and nature of services performed, and the paralegal hourly rate as well as the name and brief summary of the qualifications of the paralegal.

(d) Prior Court Approval Required for all Fiduciary and Attorney Compensation - There must be no payment of any commissions or attorney fees from decedents' estate, guardianships, or conservatorships in advance of an authorizing court order. The probate court may, in its discretion, impose sanctions, order return of the fee or commission, or surcharge representatives or attorneys interest from the date of payment to the date of the order authorizing the same at the rate prescribed by Code of Civil Procedure §685.010 for judgments, unless the written consents of all residuary devisees of a decedent's estate are filed with the court and the court finds the amounts paid are reasonable and proper. Fees of trustees and their attorneys must be paid only after the services have been performed to which they relate.

(e) Periodic Payments - Periodic payment of fees or commissions may be made with prior court authority pursuant to the rules set forth in Probate Code §§2640 to 2642.

(f) Statutory Fees and Commissions in Decedents' Estates - Allowances on account of statutory fees or commissions will be granted by the court only in proportion to the work actually completed. Usually, the last 25% of statutory fees or commissions will not be allowed before the approval of the final accounting and the decree of distribution, unless it can be shown that payment of a greater amount will benefit the estate. All or substantially all of the statutory fee or commission may be allowed when it is shown that all services have been performed but that the estate has not closed because of reasons beyond the control of the petitioning party.

(1) Waiver of Accounting - If an accounting is waived, the statutory fee will ordinarily be based only upon the stated inventory, with no fees allowed on gains on sales or on receipts by the estate.

(2) Compensation for Ordinary Duties of Personal Representative - The personal representative may hire an attorney or other agent to perform duties of the representative, and separately compensate the attorney or agent from his or her own funds. If such contract is entered into with an attorney, the attorney must comply with Rule 5-101 of the California Rules of Professional Conduct and enter into a written agreement setting forth the basis of compensation and the consent of the representative. The agreement will be

subject to court approval, and must be filed with the court at the time the first petition for fees is filed.

(g) Fees for Extraordinary Services in Decedents' Estates - Extraordinary fees may be allowed to the personal representative or attorney for their services relating to such matters as sales, leases, borrowing, litigation (including contested probate matters), tax matters (including preparation of returns, audits and tax litigation), operating a business, heirship proceedings and the performance of any other act resulting in extraordinary benefit to the estate requiring an extraordinary expenditure of time or other special services as may be necessary for the personal representative or attorney to perform. The court will consider the following facts, among others, in exercising its discretion to grant fees for extraordinary services:

(1) Time Devoted to the Matter - The request for fees must indicate the time devoted to a matter, broken down between attorney and paralegal, indicating the hourly rate customarily charged for such services. The court must be provided with sufficient information in order to analyze the reasonableness of the rate and the amount of time devoted to the matter; however, the time and rate will not be the sole criteria, or considered as a minimum or maximum value, in determining extraordinary fees.

(2) Benefits Inured to the Estate - It is recognized that the representative or his or her attorney may occasionally be under a duty to pursue certain matters which do not enjoy a successful conclusion. Such services may nevertheless be compensable, but a successful conclusion is relevant.

(3) Amount of Money or Value of Property Involved in the Transaction - This is relevant to the degree of responsibility assumed and the care that will be given to the matter.

(4) Nature and Complexity - The court will consider whether the matter was routine or involved a unique matter of substantial legal or practical difficulty. The court will also consider whether the character of the services rendered (legal versus ministerial; special skills required), as well as the knowledge and experience of the personal representative or attorney. For example, if a real property sale involves dealing with numerous buyers, evaluation of exchanges, clearing title, or exposure to potential litigation, these facts should be listed in detail. Similarly, if the preparation of a Federal Estate Tax Return involves such other matters as elections under §§303, 2032A, 6166 or 2056 of the Federal Estate and Gift Tax Code, each service should be separately described.

(5) Duration of the Probate Administration - Although it is the policy of the law to close an estate as promptly as possible, it occasionally is necessary for estates to remain open for lengthy periods of time. In that event, delay in compensation and the time value of money is relevant.

(6) Consideration of Statutory Fee - In requests for extraordinary fees, the amount of the statutory fee and the time required to administer all matters pertaining to the estate may, in certain cases, be considered as a factor in determining reasonable compensation for extraordinary services, if any. In all cases where statutory fees are considered, the normal services required to close an estate, subsequent to the date on which extraordinary fees or commissions are requested, will be considered.

(7) Copies of Petition to Beneficiaries - Copies of petitions for allowance of fees for extraordinary services and commissions in decedents' estates in excess of 25 percent of statutory fees must be mailed to all persons entitled to receive notice of the hearing on the petition (except beneficiaries of specific gifts).

(h) Compensation of Conservators, Guardians and Their Legal Counsel - No compensation for any conservator or guardian, or their legal counsel, will be paid without court approval. Requests for allowance of attorney fees in conservatorships and guardianships must comply with the requirements set forth in subsection (g) of this Rule and will be similarly considered by the court.

(1) Conservator and Guardian Fees - Any application for fees must be accompanied by a complete statement of facts upon which such application is based; and must specify the amount requested, not merely "reasonable fees." The court will consider 1) relative value and gross income of the estate, 2) benefit or loss due to administration by the fiduciary, 3) any skill or experience required of the fiduciary, 4) the quality and extent of services performed by the fiduciary for the benefit of the conservatee or ward, 5) the amount of responsibility assumed and exercised, 6) time spent by the fiduciary for services benefitting conservatee or ward, or estate, 7) customary hourly charges for similar services of other private or professional fiduciaries, 8) character of work performed, i.e., whether routine or involving special skill or judgment, and 9) in the case of a final accounting, a reasonable estimate of work and time to complete estate affairs and distribution.

(2) Attorney Representing Conservatee or Ward - Upon written, verified application of the attorney at the conclusion of the hearing, compensation may be ordered to an attorney representing the conservatee or ward, unless the court requires a noticed petition.

(3) Conservatorship/Guardianship Review of Legal Fees - If only attorney fees are requested, the petition must show that the conservator or guardian has been notified, and must reflect the fiduciary's approval or disapproval of the requested fees. (7/1/97)

Rule 1061 - Bonds

In estates where bond is not waived, the court encourages the use of blocked accounts with bank or savings association depositories for liquid assets. Normally in conservatorships and guardianships, only liquid assets necessary to meet the anticipated day-to-day expenses of the conservatee or ward and estate should be available to the conservator or guardian.

(a) Waiver of Bond in Conservatorships and Guardianships - The court will not usually waive bond for conservatorships or guardianships except 1) where the conservator is the spouse of conservatee, all or most of the property is shown to be community property, and the community property may be excluded from estate administration, 2) in small estates under Probate Code §2628, or 3) where the conservatee is present in court, is a competent person (as affirmatively shown by a physician's declaration), and gives informed consent to the bond waiver. In no event will bond be waived in cases in which the proposed conservator is not the petitioner on the petition to establish the conservatorship.

(b) Reducing Bond Through Use of Depository

(1) Before Issuance of Letters - Unless otherwise ordered by the court, when assets are to be placed in a blocked account or depository, the receipt and agreement of the depository required by Probate Code §§2328, 8401, 8483 and 9700 through 9705 must be filed prior to the issuance of letters. Proposed orders pertaining to blocked accounts at depositories should contain appropriate language to allow deposits in conformance with the foregoing code sections and Financial Code §§764-65 and 775.

(2) After Appointment - Bonds may be reduced at any time after appointment by an ex parte petition and order reducing bond, together with a receipt of a depository showing that assets in the amount of the requested reduction have been so deposited. Such a petition must set forth the assets remaining in the estate after excluding those held by depository, and it must appear that the reduced bond adequately covers the amount to be protected.

(3) Direct Transmittal to Depository - If the assets to be deposited are in the possession of a bank, savings and loan association, or trust company other than the named depository, the order should direct the entity in possession to deliver such assets directly to the named depository, and further direct the

depository, on receiving such assets, to issue its receipt and agreement to the fiduciary. (Financial Code §§764-65.)

(4) Withdrawals or Releases from Depository - An order authorizing release of assets from a blocked account may be had ex parte. The petition should set forth the approximate value of the assets on hand, the approximate value of all assets under impound, the amount of the existing bond and the purpose for which the withdrawal is being made. Where assets will be coming into or passing through the hands of the fiduciary so as to require an increase of bond, the fiduciary must set forth the information necessary to enable the court to determine the amount of the increase. The order may provide for funds to be paid directly to a taxing authority, or beneficiary, or other person entitled thereto.

(c) Bond Modification - It is the duty of the fiduciary upon becoming aware that the bond is insufficient (e.g., on filing of an inventory or submitting an accounting), to apply immediately for an order increasing the bond. Such applications may be made ex parte. When the bond of a fiduciary must be increased, the court favors filing an additional bond rather than a substitute bond. When the fiduciary's bond must be decreased, the court favors using an order decreasing the liability on the existing bond, rather than a substitute bond. (7/1/97)

Rule 1062 - Sales of Real Property

When there is a successful overbid in open court on a sale of real property, counsel must complete, and the successful bidder must sign, an "Increased Bid in Open Court" form and file same before an order will be signed. (The form in Appendix 8 may be photocopied and used.)

(a) No Commission; Special Situations - Except upon showing of good cause, no real estate commission will be allowed or credited to, or for the benefit of, a purchaser who is a licensed real estate broker or salesperson in any probate sale of real property, directly or indirectly. No real estate commission will be allowed or credited to, or for the benefit of, a personal representative or fiduciary in the subject probate proceedings who is a licensed real estate broker or salesperson in any probate sale of real property in the proceeding, directly or indirectly. The petition for confirmation of sale must state any known claim of the personal representative, fiduciary, or purchaser to all or any part of the proposed real estate commission, directly or indirectly.

(b) Disputes Between Agents or Brokers Regarding Compensation - Should a dispute arise between agents or brokers seeking compensation upon the sale of real property under the Probate Code §10161 and/or §§10162.5 through 10166, there will

be a separate evidentiary hearing to resolve the dispute. Before the hearing, the agents or brokers, or their respective attorneys, must meet and confer (face-to-face) in a reasonable and good faith attempt to informally resolve the dispute. The court must be notified of the results of such attempt at least two court days before the hearing. The sale of real property may be confirmed at the hearing on the sale and need not be delayed by virtue of any dispute for compensation by or between real estate agents or brokers. (7/1/97)

Rule 1063 - Claims of Personal Representative and Attorneys of Record

For any creditor's claim brought by the personal representative or his/her attorney of record, noticed petition for approval must be filed and served on all persons whose interest might be affected by approval of the creditor's claim at least 15 days before the hearing, except as provided below. The creditor's claim must be complete with approval signed by all personal representatives in the proceeding. The petition must contain a factual statement relating to the solvency of the estate, including a summary of the nature and amounting of assets and all known indebtedness and taxes of the state, whether absolute or contingent.

The requirement of a noticed hearing and petition will not be required when 1) the claim is for reimbursement of funeral and last illness expense not exceeding \$5,000.00, and proof of payment is attached to the claim, 2) the claim, together with all other claims of that personal representative or attorney (except for funeral and last illness expenses) is less than \$1,000.00, 3) a written approval signed by all persons whose interest might be affected by the approval is attached to the claim, 4) the personal representative has complied with the provisions of the Independent Administration of Estates Act with respect to the proposed payment of said claim, or 5) a claim is for an amount certain and is based upon a prior court order, which is attached to the creditor's claim. (7/1/97)

Rule 1064 - Adoption Proceedings

(a) All adoption hearings will be set by the calendar clerk of the court located in Room 201 of the Visalia Superior Court, County of Tulare. No hearings will be set unless there has been previously filed with the court all consents required by Family Code section 8604. No consents are required if (1) the parent is deceased; (2) the parental rights of the parent have terminated by a final court decision terminating parental rights; (3) there is a judicial determination that consent is not required pursuant to Family Code section 7662; or (4) there is a judicial determination that consent is not required pursuant to Family Code section 8606.

If it is alleged by the petitioner that consent of a parent is not required pursuant to Family Code sections 7662 or 8604, a judicial determination that consent is not required will be made at a judicial proceeding held prior to the adoption hearing. That judicial determination will be in the court's file prior to the adoption hearing.

No judicial determination will be made that consent is not required pursuant to Family Code sections 7662 or 8604 without strict compliance with the notice requirements of Family Code sections 7662 or 8604(b). In cases falling within Family code section 7662, the court will not issue an order dispensing with notice under Family code section 7666(b) without a factual showing made by declaration under penalty of perjury that good faith attempts have been made to locate and give notice to the person to be noticed and that despite such efforts the petitioner has been unable to locate such person to give notice.

If it is judicially determined that a petition to terminate parental rights must be completed and granted before a petition for adoption can be granted, there must be an investigation and a report completed for the court. In the case of stepparent adoptions, the investigation and report are prepared by Family Court Services, room 203. In all other cases the investigation and report are completed by the Adoptions Division of the Tulare County Health and Human Services Agency.

Forms that may be utilized to petition the court to determine necessity of consent in stepparent adoptions are available in the office of the clerk of the court, Room 201.
(1/1/03)

(b) Except in the case of stepparent adoptions, no adoption will be set for hearing unless there has been previously filed with the court an accounting report as required by §8610 of the Family Code.

(c) In cases in which the child(ren) to be adopted is twelve years of age or older, no adoption will be set for hearing unless there is lodged with the clerk a proposed consent form to be signed by the child in the court's presence.

(d) The acknowledgment in writing that must be executed by the adopting parent or parents pursuant to §8612(b) of the Family Law Code must be lodged with the clerk prior to the setting of any adoption hearing.

(e) The proposed adoption decree must be lodged with the clerk prior to the granting of a hearing date.

(f) Parties wishing to determine in advance of the hearing whether all documents required by this Rule and the Family Law Act are in proper form so a continuance is not required, may call 24 hours prior to the hearing date to access a recorded message advising them by their case number whether all documents appear in proper order, or if the court is going to continue the matter, and the date of the continuance, to allow them to submit any missing document. The telephone number to call is 559-733-6561, and choose option 8. When the recording gives options as to what department, push the number 8. Even though the operator does not give this number

as an option, it will be the confidential number to obtain the status of the proceeding. Since adoptions are confidential, the cases are listed by case number only, therefore you must have your case number ready when you call to be able to obtain the status of your proceeding, and not someone else's. (7/1/00)

CHAPTER 11 - JUVENILE COURT

Rule 1100 - Hearing Officers

Juvenile court matters may be heard before any judge, commissioner or referee of the superior court. In addition to juvenile matters under Welfare and Institutions Code (W&I) §§300, et. seq. and 601, et. seq., guardianship petitions for minors who are dependents of the juvenile court, must be presented either to the juvenile court judge or commissioner unless they are disqualified from hearing such application. Juvenile dependency matters under W&I §300 will be heard by judges, commissioners, or referees who have complied with the training recommendations and requirements under W&I §304.7. (7/1/00)

Rule 1105 - Juvenile Court Commissioners and Referees

In addition to the provisions of Local Rule 215, juvenile court commissioners and referees and their official acts will be governed as follows:

- (a) All orders made by a commissioner or referee will be final as set forth in W&I §250.
- (b) Rehearings on any order made by a juvenile court commissioner or referee will be heard in accordance with the procedures set forth in W&I §252.
- (c) Where the parties have stipulated that the commissioner or referee sits as a temporary judge, his/her orders will be final in the same manner as an order by a judge. (7/1/00)

Rule 1115 - Schedule of Juvenile Court

All juvenile proceedings under W&I §§300 and 601 will be assigned by the presiding judge of the juvenile court. (7/1/00)

Rules 1119 - Filing of Documents

No document except original W&I §§300 and 601 petitions will be accepted by the county clerk for filing unless it sets forth on its face the case caption and is accompanied by a proof of service. (1/1/03)

Rule 1120 - Motion Requirements

- (a) No noticed motion will be accepted by the county clerk unless it is accompanied by a proof of service.

(b) All motions calendared in the juvenile court must comply with the requirements of Code of Civil Procedure §§1010 et. seq. and California Rules of Court Rules 311, 313, 315, 325, and 1419, except that written notice to opposing counsel and the court may be reduced to five court days and any opposition must be filed and served two court days before the scheduled hearing. Prior to giving notice, the moving party must reserve the hearing date with the calendar clerk for the juvenile court.

Ex parte requests for relief from compliance with this rule may be granted only upon written application to the juvenile court judge or bench officer assigned to hear the matter, supported by affidavit showing good cause, and with at least four hours personal or telephonic notice of the time set for such ex parte application to all counsel appearing in the proceeding. Any request for such ex parte relief must also include an affidavit by requesting counsel that notice was given as required.

All documents must be typed or printed and must be punched with two holes at the top of each page.

Notwithstanding the foregoing requirements, motions to continue a hearing, brought under W&I §352, are subject to the time limits set forth therein. Additionally, counsel for all parties to a proceeding may stipulate to a continuance; provided, however, that such stipulations are submitted and approved by the court regularly hearing the matter at least two court days prior to the hearing.

Such stipulations must establish the existence of good cause for continuance.

Papers that do not comply with these rules, the Code of Civil Procedure, and the California Rules of Court will not be considered by the court unless good cause is otherwise shown. (7/1/00)

Rule 1121 - Documenting Notice of Hearings

In all juvenile dependency matters, Child Welfare Services (CWS) must file a single "Proof of Service Declaration" to show compliance with the legal notice requirements for each hearing. Judicial Council forms must be used by the agency internally to meet notice and Title 14 requirements. A "Proof of Service Declaration" (See Appendix 3) must be signed, under penalty of perjury, indicating the following:

- (a) That a notice of hearing (e. g. Judicial Council Form JV-280 or JV-300) has been sent to each of the parties, any Court Appointed Special Advocate (CASA), the attorneys, and any Indian Tribe, informing them of the nature of the proceeding;
- (b) The date, time, place, and manner in which notice was given;

- (c) The parties, attorneys, CASAs (if any) and Indian Tribes (if any) noticed, including addresses;
- (d) Whether reports accompanied the notice;
- (e) Names of parties who were not noticed due to unknown addresses.

The "Proof of Service Declaration" must include documentation of CWS's due diligence in attempting to locate missing parents whenever required by law. (7/1/00)

Rule 1122 - Ex Parte Orders

- (a) Before submitting ex parte orders to a judicial officer for approval, the applicant must give notice to all counsel, social workers, and parents who are not represented by counsel or explain the reason notice has not been given.
- (b) The party requesting ex parte orders must inform the judicial officer that notice has been given by completing a "Declaration Re Notice of Ex Parte Application" form. (Appendix 19.) The original "Declaration" and accompanying "Application for Order" must be submitted to the juvenile court clerk of the juvenile division.
- (c) Upon receipt of the application and declaration of notice, the clerk will note the date and time received in the upper right corner of the declaration. In order to give opposing parties ample time to respond to the ex parte application, the clerk will hold the application for four (4) hours prior to submission to the judicial officer for their decision.
- (d) An opposing party must present any written opposition to a request for ex parte orders to the court clerk of the juvenile division within four (4) hours of receipt of notice. The court may render its decision on the ex parte application or set the matter for hearing. The applicant is responsible for serving all noticed parties with copies of the court's decision, or notice that the court has calendared the matter, and the applicant must notify all parties of any hearing date and time set by the court.
- (e) Whenever possible the moving and responding papers, and declaration re notice, must be served on the attorney for each parent, attorney for the child, County Counsel, CASA, supervising social worker, and parents who are not represented by counsel.
- (f) Notice may be excused if the giving of such notice would frustrate the purpose of the order and cause the child to suffer immediate and irreparable injury.

(g) Notice may also be excused if, following a good faith attempt, the giving of notice is not possible. (1/1/03)

Rule 1125 - Appointment of Child Advocates (CASA)

(a) At any time during a dependency proceeding pursuant to W&I §300 et. seq., or at any time following a declaration of wardship at a disposition hearing during delinquency proceedings pursuant to W&I §601, et. seq., a trained volunteer Court Appointed Special Advocate (CASA) may be appointed by the court to provide all the services contemplated by W&I §§102(c) and 104, and to represent the best interests of children in juvenile court proceedings.

(b) A CASA volunteer is a sworn officer of the court having taken an oath which describes the duties and responsibilities of the volunteer. CASA volunteers serve at the pleasure of the court and are bound by all court rules.

(c) The Tulare County CASA Program will function under and pursuant to the program guidelines of CASA Programs as from time to time may be adopted or amended by the Judicial Council of the State of California, pursuant to W&I §100, and will comply generally with the provisions of W&I §§100-109, and California Rules of Court Rule 1424.

(d) CASA volunteers are appointed only on behalf of children, and only in such proceedings as authorized by W&I §§100-109 and the program guidelines established pursuant to these sections.

(e) CASA volunteers must have access to all documents, case files, and other documents which relate to the child before the court as authorized by W&I § 107.

(f) A CASA volunteer's personnel file is confidential. No one will have access to the volunteer's personnel file with the exception of the volunteer, the CASA program director or their designee, and the presiding judge of the juvenile court.

(g) CASA volunteers must receive notice of all proceedings before the court and must have reasonable access to the child(ren) for whom they have been appointed at all times.

(h) Whenever a CASA is appointed on a case, the clerk of the court will provide all attorneys of record in the case with a copy of the court order appointing the CASA, and setting forth the extent of the CASA's duties in the case. (7/1/00)

(i) There must be ongoing, regular communication concerning the child's best interests, current status, and significant case developments maintained among the

advocates, case manager, child's attorney, attorney(s) for parents, social worker, County Counsel, relatives, foster parents and any therapist for the child.

(j) A child advocate may petition the court to set the child's case for hearing. (See Appendix 18, Petition and Order re Hearing to Review Case) (1/1/03)

Rule 1127 - Authorization for Use of Psychotropic Drugs

Dependent Children:

(a) Psychotropic medication must not be administered to children who are dependants of the court and in out-of-home placement until an application for order for psychotropic medication - Juvenile (Judicial Council Form JV-220) has been submitted and approved by the court.

(1) Where more than one medication is requested, the application must specify whether the prescribing physician intends the medications to be combined, or is making the request in the alternative. Where said request is in the alternative, the application must set forth the intended plan of treatment.

(2) Information regarding the child's wishes must be included in the application.

(3) The physician prescribing the medication(s) must have evaluated the child within 30 days immediately preceding submission of the application.

(b) Wards of the Court - If a ward has been placed in out-of-home placement, consent to psychotropic medication by the parent/guardian may still be appropriate. If the court has made a prior determination that the parent/guardian is unable to make an informed decision on behalf of the ward, or if the whereabouts of the parent/guardian are unknown, an application for order for psychotropic medication - Juvenile (Judicial Council Form JV-220) must be submitted by Probation and approved by the court prior to the administration of any psychotropic medication.

(1) Where more than one medication is requested, the application must specify whether the prescribing physician intends the medications to be combined or is making the request in the alternative. Where said request is in the alternative, the application must set forth the intended plan of treatment.

(2) Information regarding the child's wishes must be included in the application.

- (3) The physician prescribing the medication(s) must have evaluated the child within 30 days immediately preceding submission of the application. (7/1/00)

Rules 1128 - Medical, Surgical, Dental Care

All parties must comply with W&I §369 regarding medical treatment of a dependent child in out-of-home placement.

The social worker must notify the parents, all counsel, CASA, and the court of any child's hospitalization, and the reasons therefor, within two (2) court days of said hospitalization. (1/1/03)

Rule 1130 - Discovery

The rules set forth herein will apply to juvenile court cases arising under Welfare & Institutions Code §300 or 601, as indicated below, and will equally apply to all parties and their counsel. This rule is intended to expand upon, rather than limit, California Rules of Court Rule 1420.

(a) Timely Disclosure of Informal Discovery: Pre-hearing discovery must be initially conducted informally in cases arising under W&I §300 or W&I §601. Except as protected by privilege, all relevant material must be disclosed in a timely fashion to all parties to the litigation. California Rules of Court Rule 1420.

(b) Motion to Compel Discovery: In cases arising under W&I §300 or W&I §601, a party may bring a motion to compel discovery only after all informal means have been exhausted. A motion to compel discovery must be noticed and served in accordance with the requirements of Local Rule 1120. The motion must state the relevancy and materiality of the information sought and the reasons why informal discovery was not adequate to secure the information.

(c) No Civil Discovery Methods: Civil discovery methods, such as those set forth in the Code of Civil Procedure, do not apply in juvenile cases arising under W&I §300 or W&I §601, without prior authorization from a bench officer.

(d) Dependency Proceedings:

(1) (A) For pretrial hearings, where the parties have entered a time waiver and a pretrial hearing is calendared, the jurisdictional/disposition report must be filed and served at least 5 court days prior to the pretrial.

(B) For adjudication within the statutory time, the jurisdiction/disposition report must be filed and served at least 3 court days prior to the hearing.

(C) For all other hearings, the social worker's report must be served at least ten court days prior to the hearing.

(D) All social worker reports may be mailed to counsel, delivered by personal service, or delivered by other means as agreed upon by counsel.

(E) In contested proceedings, the name of any experts to be called by any party, and copies of their reports, must be made available to all parties at least five (5) court days before the hearing, except where there has been no time waiver and the need for an expert is not known, in which case the parties must exchange expert information at the earliest possible time.

(F) Except as provided elsewhere in these rules, mutual discovery, including names of witnesses and their addresses and telephone numbers, must be exchanged at least five (5) court days before the hearing, except where there has been no time waiver, in which case the parties must exchange mutual discovery at the earliest possible time.

(G) Failure to provide timely exchange of information as required by this local rule will be grounds for any of the sanctions warranted under California Rules of Court Rule 1420(j).

(e) Delinquency Proceedings:

The court rules regarding discovery as set forth in Penal Code §§1054 - 1054.8 will apply to all delinquency proceedings. (1/1/03)

Rule 1135 - Confidentiality of Juvenile Court Records

The confidentiality of juvenile court records, and exceptions to confidentiality, are governed by W&I §§825-830.1 and California Rules of Court Rule 1423. All court personnel, attorneys appearing before the court, and court officers, must be familiar with and observe these code and rule requirements. Only the presiding judge of the juvenile court, or a judicial officer designated by the presiding judge of the juvenile court, may order the release of information contained in a juvenile case file. Records in the possession of the Probation Department, the Child Welfare Services Agency, or contained in a juvenile court file, may not be obtained using a civil or criminal subpoena. Any party seeking access to such records with the intent to use them in connection with any civil or criminal proceeding must file a petition under W&I §827 so as to protect the privacy interests involved in the juvenile records while complying with the discovery requirements of the civil or criminal proceeding. (1/1/03)

Rule 1136 - Access to the Courtroom by Non-parties.

Except as set forth in W&I §346 and §676 and 676.5, members of the public and media will not be admitted to dependency or delinquency proceedings. Media access to the courtroom, where allowed, will be governed by California Rules of Court Rule 980, et seq. (1/1/03)

Rule 1137 - Media Requests for Observing, Interviewing, Photographing, Videotaping, or Voice Recording of Minors or their Families, in a Non-Courtroom Setting and Requests for Access to Certain Facilities.

The media representative must initiate contact with the presiding judge of the juvenile court by submitting a request, at least five (5) days prior to the requested access date, containing the following:

- (a) A general description of the media proposal and its purpose;
- (b) The exact location, date, and time of the proposed project;
- (c) Specification of the type of coverage requested (i.e., observation, filming, videotaping, interviewing, photographing, or voice recording);
- (d) A statement of the nature and extent of expected involvement with the minor or facility;

- (j) A statement of whether the petitioner fully understands and accepts the provisions of W&I §§825-830, and California Rules of Court Rule 1423, regarding confidentiality.

TULARE COUNTY SUPERIOR COURT

A copy of the form must be provided to the Chief Probation Officer and/or Deputy Director of Child Welfare Services. Any objection by either Probation or Child Welfare Services must be communicated in writing to the presiding judge of the juvenile court within two (2) court days of receipt of the form. The presiding judge of the juvenile court, or other bench officer as designated by the presiding judge, will review the request and any objection. The bench officer may grant the request and, if granted, will provide the media representative with the media order. The media order may specifically define the media contact. The media representative must review the order and must sign the designated order, agreeing to comply with the provisions of the order, prior to media access. Failure by the media representative to comply with the provisions of the order may subject the representative to contempt proceedings. (7/1/00)

Rule 1138 - Inspection and Disclosure of Juvenile Court Records.

Only those persons specified in W&I §827 and §828 may inspect juvenile court records without authorization from the court. Any other person seeking authorization to inspect, obtain, or copy juvenile court records must comply with W&I §827 and California Rules of Court Rule 1423. If any person authorized to inspect juvenile court records under W&I §827(a)(1)(A)-(J) sees or becomes aware of information contained in the juvenile court records which is privileged or confidential pursuant to any other state law or federal law or regulation, that person must not further examine the file until a proper petition under W&I §827 has been filed and the Juvenile Court has granted access to the entire file or made appropriate protective orders. (7/1/00)

Rule 1145 - Ex Parte Restraining Orders - Juvenile Dependency

Pursuant to W&I §213.5 and in accordance with its provisions, the juvenile court may issue ex parte orders and other orders necessary for protection of the minor. Hearings pursuant to this section may be held simultaneously with regularly scheduled hearings in dependency hearings. (7/1/00)

Rule 1151 - Motion to Challenge Legal Sufficiency of Petition

In any dependency proceeding the court may entertain a pre-hearing challenge to the petition's sufficiency by a motion akin to a demurrer. Such a motion may be made in writing or orally, but must be made as early as possible in the proceedings.

The court may rule on the motion at the hearing at which it is made, or may continue the hearing on the motion to another date in order to receive points and authorities from counsel. (1/1/03)

TULARE COUNTY SUPERIOR COURT

Rule 1152 - Presentation of Evidence - Dependency Cases Only

(a) Offers of Proof: The party presenting evidence may utilize, or the Court may require, an offer of proof with regard to any witness. Where one party presents an offer of proof in lieu of testimony, the witness must nevertheless testify unless all parties stipulate to receiving evidence via an offer of proof.

(b) Hearsay Objections to Social Worker's Report: Any hearsay objections to the social worker's report must be in writing, served and filed at least two (2) court days before the hearing, except that in cases where the social worker's report is not filed at least five (5) court days prior to the hearing the objecting party must file and serve his/her objections in writing at least one (1) day prior to the hearing. (1/1/03)

Rule 1154 - Modifications of Orders (W&I §§386, 387 and 288, and CRC 1430-1432)

(a) More restrictive Placement: Any motion by petitioner to modify an existing order to a more restrictive placement will be implemented pursuant to W&I §387 and CRC 1430(c), 1431. The court deems a move from foster care to group home setting to be a more restrictive placement.

(b) Less Restrictive Placement: Any motion by an interested party to modify the court's orders to a less restrictive placement will follow the procedures outlined in W&I §388 and CRC 1430(d), 1432.

(c) New Service Plan Requirements: Any significant changes or additions to the service plan for parents/guardians must be submitted to them for approval before implementation. A parent who disagrees with the new requirements may request a hearing before the court on the matter after filing appropriate noticed motion.

(d) Notice re Change in Placement: In order to ensure that proper notice is received by attorneys for parents and children of any change in a child's placement after the original dispositional hearing:

(1) In non-emergency situations, the Department must give notice at least five (5) court days prior to the change in placement.

(2) In non-emergency situations, prior to removal of a child from one county to another, the Department must provide notice at least ten (10) court days prior to the change in placement. Where the child is being returned to Tulare County from an out-of-county placement, the notice required is five (5) court days.

(3) In emergency circumstances, the Department must give notice immediately, and in no case later than 48 hours (two working days) following the child's change in placement.

(4) Notice may be given in writing and/or orally by telephone. (1/1/03)

Rule 1155 - Representation of Parties Relating to Dependency

(a) Experience, Training and Education of Attorneys

(1) General Competency Requirement: All court-appointed attorneys appearing in juvenile dependency proceedings must meet the minimum standards of competence herein set forth.

(2) Standards of Education and Training: Each court-appointed attorney appearing in a dependency matter before the juvenile court must complete either of the following minimum training and educational requirements:

(A) Participated in at least eight (8) hours of training or education in juvenile dependency law, which training must have included information on the applicable case law and statutes, the Rules of Court, Judicial Council forms, motions, writs, mediation, child development, child abuse and neglect, family reunification and preservation, restraining orders, rights of de facto parents and reasonable efforts; or

(B) At least six (6) months experience in dependency proceedings in which the attorney has had primary responsibility for representation of his or her clients in said proceedings. In determining whether the attorney had demonstrated competence, the court will consider whether the attorney's performance has substantially complied with the requirements of these rules.

(C) Each court-appointed attorney who practices before the juvenile dependency court must complete within every three year period at least eight hours of continuing education related to dependency proceedings. Evidence of completion of the required number of hours of training or education must be retained by the attorney and may include a copy of a certificate of attendance issued by a California Mandatory Continuing Legal Education (MCLE) provider; a certificate of attendance issued by a professional organization which provides training and/or education for its members, whether or not it

is a MCLE provider. Attendance at a court sponsored or approved program will also fulfill this requirement.

(D) The attorney's continuing training or education must be in the areas set forth in paragraph (a)(2) above, or in other areas related to juvenile dependency practice.

(E) To enhance the practice of law before the juvenile dependency court of this county, and to recognize the unique qualities of juvenile dependency law, a standing committee of the juvenile court will review and recommend modifications to these rules in the area of training, education and standards of representation.

(F) Each court-appointed counsel, including those employed by county offices, must annually complete and file a "Certificate of Competency" (Appendix 4), and file it with the presiding judge of the juvenile court. (1/1/03)

(3) Standards of Representation

(A) Attorneys are expected to meet regularly with clients, including clients who are children, to contact social workers (within the ethical confines of contact with a represented party) and other professionals associated with the client's case, to work with other counsel and the court, to resolve disputed aspects of a case without hearing.

(B) An attorney representing a child must have contact with the client prior to each hearing. The attorney, or attorney's agent, must interview all children four (4) years of age or older in person unless it is impracticable. Whenever possible, the child must be interviewed at the child's placement. The attorney or attorney's agent should also interview the child's caretaker (unless said caretaker is a party represented by counsel), particularly when the child is under four (4) years of age. If the child's attorney becomes aware of an interest or right of the child to be protected or pursued in other judicial or administrative forums, counsel must notify the court immediately and seek instructions from the court. This includes, but is not limited to, pursuit of any tort claims available to the child. (California Rules of Court Rule 1438)

(C) Attorneys representing any party other than a child must interview the client at least once prior to the day of the jurisdictional hearing unless the client is unavailable. Thereafter, the attorney or

the attorney's agent must contact the client at least once prior to the day of each hearing unless that client is unavailable.

(b) Complaints

(1) Any party to a juvenile proceeding may lodge a written complaint with the court concerning the performance of his/her appointed attorney in a juvenile court proceeding as follows:

(A) Complaints or questions must initially be referred to that attorney's supervisor within the agency, association or law firm appointed to represent the client.

(B) If the issue remains unresolved, or if there is no designated agency, association or law firm appointed to represent the client, the party may submit a written complaint to the court in which the matter is pending. The court will, within 10 days, conduct its own review of the complaint or question which may include a hearing in chambers. The court may take any appropriate action required, including relieving counsel and appointing new counsel and/or holding a formal hearing on the matter. (7/1/00)

Rule 1160 - Appointment for Children

The Tulare County Superior Court may enter into a contractual agreement with a qualified attorney or attorneys for the representation of dependent children. The agreement may provide that the attorney(s) so employed represent all children unless the juvenile court determines the child would not benefit from the appointment of counsel as provided by W&I §317(c). (1/1/03)

Rule 1161 - Family and Juvenile Court Management of Child Abuse Cases

[This rule is repeated in Family Law Matters, Rule 956]

It is the policy of the superior court to identify and coordinate custody proceedings involving the same child which may appear in multiple legal settings. It is further the policy of the superior court to coordinate the efforts of the different court systems so that the child's and family's needs are served and the resources of the family and the court are not wasted. To these ends the superior court and the agencies serving the court must cooperate to increase the exchange of information and to determine the most appropriate forum for the resolution of the issues relating to the child.

(a) Report Pursuant to Penal Code §11166: If during the pendency of a family law proceeding a child abuse allegation against one of the child's parents comes to the

attention of a Family Court Services staff member or other mediator or evaluator, that person must first determine whether the allegation must be reported to a child protection agency pursuant to Penal Code §11166. If that person determines the allegation does not fall within the description of §11166, he/she need not make a report. However, any other person may report the allegation to a child protection agency.

(b) Child Abuse Investigation: When the Health and Human Services Agency, Child Welfare Services Branch (CWS), receives a report of suspected child abuse during the pendency of a family law proceeding, it must investigate the matter immediately, or within ten (10) days, unless the judicial officer from family court requests an earlier investigation. CWS, and the law enforcement agency having jurisdiction, must coordinate their investigative efforts. If the CWS becomes aware that a family law case is ongoing concerning a child who is the subject of a suspected child abuse investigation, CWS must inform Family Court Services of the pending investigation and any decisions it makes concerning the child abuse investigation. If CWS, or the law enforcement agency having jurisdiction, determines that further investigation is necessary, the agency making that determination must contact the other agency immediately so that all investigative efforts may be coordinated.

(c) W&I §329 Application: If the CWS decides not to intervene, or fails to report to the reporting party within ten days, any person may apply to the social worker pursuant to W&I §329. In that application the affiant must give notice and identifying information of any pending family law proceeding. A copy of the application must be sent to Family Court Services by the moving party. The social worker must respond to the application as soon as possible, or within three weeks after submission of the application. (W&I §329.) (See Appendix 5 for application and order form)

(d) Suspension of Family Court Proceedings Pursuant To W&I §300 Petition Filed In Juvenile Court: Upon the filing of a petition pursuant to W&I §300 in the juvenile court, all custody and visitation proceedings in the family court are suspended. The juvenile court clerk will determine whether there is a family law court file concerning the children named in the petition. If there is a family law court file, the juvenile clerk will send a copy of the notice required under W&I §335 to the family law court. Upon receipt of such notice, the family law clerk will place such notice in the family law file. Thereafter custody and visitation issues will be determined by the juvenile court. The family court will resume jurisdiction over custody and visitation issues only after termination of jurisdiction of the juvenile court. Upon termination of jurisdiction of the juvenile court, the clerk of the juvenile court will lodge a copy of the order terminating jurisdiction and any juvenile court custody order in the family court file.

(e) Review of Dependency Decision: If CWS decides to initiate dependency proceedings after reviewing the application under W&I §329, any person may apply to the juvenile court to review that decision pursuant to W&I §331. The application for court review must include a copy of the application made pursuant to W&I §329. The juvenile court will rule on the application as soon as possible, and in no event later than thirty days after receipt of the application.

(f) If, during the CWS worker's investigation, one or both parents reach an informal supervision agreement pursuant to W&I §331, a copy of that agreement must be sent immediately to CWS, to Family Court Services, to family court, and to each parent.

(g) Family Code §3150 Appointment of Counsel: During family court proceedings in which allegations of child abuse have been made, the family court judge may appoint counsel for the child (Family Code §3150) to protect the child's interests and/or to expedite the policy stated herein and carry out the terms of this protocol.

(h) Coordination of Cases: At any time during the process described herein, the supervising judges and bench officers of the family and juvenile courts are encouraged to discuss, generally, problems relating to the coordination of cases involving child abuse allegations. Nothing in this section will be construed to permit judicial officers to discuss the specific facts of any certain case. (7/1/00)

Rule 1170 - Juvenile Dependency, Juvenile Delinquency, Family, and Probate Courts Exchange of Information

This rule addresses the exchange of information between Family Court Services staff (FCS), Juvenile Probation Department staff (JPD), and the Child Welfare Services staff (CWS). The disclosure of information concerning children and their parents and caretakers by any of these agencies to each other is generally prohibited by law, unless specifically authorized by court rule or order. Nevertheless, a limited exchange of information about children or their parents or caretakers will serve the best interests of the child who is before the court and the administration of justice.

The court hereby finds that the best interest of children appearing before the juvenile and family courts, the public interest in avoiding duplication of effort by the courts and by the investigative agencies serving the juvenile and family courts, and the value of having relevant information gathered by a court or court-serving agency outweighs the confidentiality interests reflected in Penal Code §11167 and §11167.5, W&I §827 and §10850, Family Code §1818, and therefore good cause exists for the following rule:

(a) Abuse/Neglect: FCS and JPD staff may orally and in limited written form disclose to CWS staff who are investigating a suspected child abuse or neglect case the following information:

(1) Whether the child, his/her parents, guardians or caretakers are or have been the subject of a custody, delinquency or probate investigation, the findings and status of that investigation, the recommendations made or anticipated to be made to the court by FCS or JPD, and any court orders in existence with respect to the child, parents, guardians, or caretakers.

(2) Any statement made by the child or the child's parents, guardians, or caretakers which might bear upon the issue of the child's best interests in the pending child abuse or neglect case. In addition FCS or JPD staff may give to CWS staff who are investigating or supervising a suspected child abuse case a copy of any court orders.

(3) CWS may include this information in court reports and keep such information in their case files.

(b) Custody Disputes : JPD or CWS staff may orally (or in limited written form) disclose to FCS staff who are mediating or investigating a child custody dispute the following information:

(1) Whether the child, or his/her parents or caretaker, are or have been the subject of a child abuse, neglect probate, or delinquency investigation, the findings and status of that investigation, the recommendations made or anticipated to be made to the court by CWS or JPD, and any court orders in existence with respect to the child, parents, guardian or caretaker.

(2) Any statements made by the child or the child's parents, guardians or caretaker which might bear upon the issue of the child's best interests in the pending family court matter. In addition, JPD or CWS may give to FCS staff who are investigating a child custody dispute a copy of any court orders.

(3) FCS may include this information in court reports and keep such information in their case files.

(c) Delinquency: FCS or CWS staff may orally (or in limited written form) disclose to JPD staff who are investigating a delinquency case the following information:

(1) Whether the child, or his/her parents or caretaker, are or have been the subject of a child abuse, neglect, custody, probate investigation, the findings and status of that investigation, the recommendations made or anticipated to be made to the court by CWS or FCS staff and any court orders in existence with respect to the child, parent, guardian, or caretaker.

(2) Any statements made by the child or the child's parents, guardians, or caretakers which might bear upon the issue of proceeding. In addition, FCS and CWS staff may give to JPD staff who are investigating or supervising a delinquency matter a copy of any court orders.

(3) JPD may include this information in court reports and keep such information in their case files. (7/1/00)

Rule 1171 - Exchange of Information Among CWS, Service Providers, and Schools in Juvenile - Dependency Cases

This rule addresses the exchange of information among Child Welfare Services staff (CWS), any persons who are providing or have provided mental health, counseling, or medical treatment services to a parent, guardian, or child as a part of a child welfare services case plan ("Service Providers"), and schools where any dependent child in the case is attending or has attended ("Schools"). The disclosure of confidential information among CWS, Service Providers, and Schools is generally prohibited by law, unless specifically authorized by written consent or by court rule or order. Nevertheless, an exchange of information about children and their parents or guardians as needed to implement, develop, and monitor the child welfare services case plan will serve the best interests of the child who is before the court and the administration of justice.

The court hereby finds that the best interest of children appearing before the juvenile courts and the value of having relevant information gathered by a court or court-serving agency outweighs the confidentiality interests reflected in the Civil Code §56 et. seq., W&I §§827, 4514, and 10850, 42 C.F.R. Part 2, and provisions providing for confidentiality of school records, including Education Code §49602, and therefore good causes exists for the following rule:

With respect to each juvenile dependency case, CWS, all Service Providers, and all Schools holding records concerning any of the children in the case must mutually exchange information verbally and in writing as needed to assist in implementing, rendering, and monitoring the services identified in the case plan. All Service Providers and Schools at which the children attend, or have attended, are ordered to prepare and release to the social worker, all progress reports concerning the parent/guardian(s) and child(ren) in connection with services for education, counseling, training, mental health treatment, substance abuse, alcohol treatment, or medical treatment provided in connection with the service plan in the case. Any party who objects to the exchange of information as provided under this rule may seek a protective order by oral motion at any hearing or by bringing a formal motion. (7/1/00)
